BULK'S NURSERIES

BABYLON, LONG ISLAND, N. Y.

1935

OFFICE BUILDING

We Invite You

to visit our Nursery and see the wide variety of plants growing here and the many acres of choice stock from which you can make your selections. For many years the name Bulk's Nurseries has been synonymous with high-grade stock and efficient and courteous service that enables our customers to get the greatest amount of pleasure and satisfaction out of the use of our material.

HONEST VALUE

for every dollar invested in our products is the policy of Bulk's Nurseries, and we are proud to live up to this reputation. Our prices are as reasonable as is consistent with the highest grade of material, and we invite you to make comparisons with any similar quality of material. We can save you money on your needs and give you the utmost in plant value.

"OUT WHERE THE WINDMILL IS"

Our office and Nurseries are on the Merrick Road, one mile west of the village of Babylon, L. I. You can't miss the place—just look for the large Dutch windmill. During spring and fall we are open on Sunday.

PROMPT AND EFFICIENT NURSERY SALES SERVICE

available for those who wish to call and select plants to take home. From time to time we have special sales on seasonal articles, and we urge you to take advantage of them.

We cordially invite you to come when the trees and shrubs are in full bloom and make your selections then. Plants can be labeled and delivered for you when you want them.

LANDSCAPE SERVICE

Let us help you with your planting problems. Our Landscape Department is maintained as part of our service to our customers. To accomplish satisfactory planting results, one must know the characteristics of plants such as height, time of flowering, ultimate shape, suitability for sun or shade, adaptation to soil and exposure, etc. Our landscape men through training and experience are well prepared to help you.

We will gladly draw sketches and plans to fit your particular need. This service, in most cases, is rendered free of cost, except where elaborate plans, specifications and special trips are necessary, in which case a small fee will be charged which will be credited to customer's account when order is placed.

Phone Babylon 444 or drop us a card and our representative will be glad to call on you to make suggestions and offer advice without obligations to you. Our service extends throughout entire Long Island and the Metropolitan area.

Appointments, at your home, any day including Sunday, will be gladly made and kept.

Telephone: BABYLON 444

BULK'S NURSERIES

Planting Seasons

Evergreens may be planted from the time the frost leaves the ground until the latter part of June, though early planting is much preferred. Some varieties can be moved satisfactorily during the summer months. August, September, and October are excellent months.

Plant shrubs, trees, and fruit trees from the latter part of March until June, and from the middle of October until the ground freezes.

Pot-grown Roses can be moved the entire summer and continue to bloom.

General Directions for Ordering and Our Terms

Always give address and desired time of delivery; otherwise we forward by the most economical route. Practically all our deliveries will be made by our trucks. Our free-delivery radius on orders amounting to \$10 or more extends 30 miles from our Nursery. This enables distant customers to get the benefit of local prices. During planting season, loads are combined for each locality at least twice a week. Beyond this 30-mile limit, a small charge will be made for delivery to cover cost, unless otherwise arranged at time of sale.

The cost of planting, if we do it, is borne by the purchaser. Our charge merely covers the cost of labor, fertilizer, etc.

GUARANTEE

Because all our stock is freshly dug and reaches the customer in fine, healthy condition, and because of the utmost care and skill used in growing our plants, we agree to replace any plants sold, at the prices published in this book, that may die within one year from date of delivery from other causes than abuse or neglect, but we make the following reservations:

The account must be paid within 30 days from date of invoice.

The customer pays the cost of delivery and planting of the replaced plants.

In the event we shall not have in stock, at the time for replacement, plants like those originally supplied, we are to apply the amount of credit representing the cost of the original plants toward the purchase of other plants that the customer may at the time select and which we can supply.

We guarantee our stock to be true to name and will replace any that prove otherwise or refund purchase price.

SPECIAL SERVICE

We are prepared to furnish competent gardeners at the proper seasons to do all kinds of garden work, such as general overhauling, summer and winter pruning, spraying, hedge-trimming, fertilizing, winter mulching, tree-repair work, etc. Such work is important and should only be entrusted to capable men.

EVERGREENS

IN this group are contained some of the most valued plants for landscape effects. The diversity of color and habit of growth in this class provides truly "a plant for every place and purpose," some for limited areas of foundation plantings or for bed and border uses, others for screens, hedges, windbreaks, and for group and specimen plantings. They are always desirable for any landscape plantings for both summer and winter effects.

ABIES • The Firs

Abies concolor. *White Fir.* Rapid-growing evergreen, with long, bluish green needles, and of symmetrical, upright habit. Splendid as a lawn specimen, as a contrast with the darker foliage of other trees, and is also useful in screen and border plantings. It is a tree of great dignity and stateliness and when given plenty of room to develop naturally, it keeps its magnificent lower branches until late in life.

Each	Each
1½ to 2 ft.....\$1 50	4 to 5 ft.....\$6 00
2 to 2½ ft..... 2 25	5 to 6 ft.....10 00
2½ to 3 ft..... 3 00	6 to 7 ft.....15 00
3 to 4 ft..... 4 50	7 to 8 ft.....25 00

A. douglasi (*Pseudotsuga douglasi*). *Douglas Fir.* This tree is hardy and adapts itself to either dry or moist situations. It will thrive in semi-shade as well as in full sunlight. Pyramidal in habit, with bluish green, short needles, closely borne along the branches. This is naturally a giant tree from the Northwest Pacific slope and requires plenty of room for fine development of its beauty and character.

Each	Each
2 to 3 ft.....\$1 75	7 to 8 ft.....\$8 00
3 to 4 ft..... 2 50	8 to 9 ft.....12 00

BUXUS. Boxwood See page 10

CHAMÆCYPARIS (Retinospora)

The Cypress

Chamæcyparis obtusa. *Hinoki Cypress.* An extremely graceful evergreen of medium height. The foliage is a rich dark green. Makes a fine specimen.

Each	Each
1½ to 2 ft.....\$1 00	4 to 5 ft.....\$5 00
2 to 2½ ft..... 1 50	5 to 6 ft..... 7 50
2½ to 3 ft..... 2 25	6 to 7 ft.....10 00
3 to 4 ft..... 3 50	

C. obtusa compacta. *Football Cypress.* Foliage dark green. Dwarf, compact, and of good form, from which it derives its name. An excellent type for foundation plantings.

Each	Each
15 to 18 in.....\$1 00	2 to 2½ ft.....\$2 50
1½ to 2 ft..... 1 50	2½ to 3 ft..... 3 50

C. obtusa crispis. *Golden Hinoki Cypress.* A golden-leaved form of *C. obtusa*. Bright yellow at all times and a very choice variety.

C. obtusa gracilis. *Slender Hinoki Cypress.* Compact and of dwarf habit. Makes a narrow, irregular pyramid with light, graceful branches and foliage of a rich green color.

Price of above two varieties	Each		Each
1 to 1½ ft.....	\$1 50	3 to 4 ft.....	\$5 50
1½ to 2 ft.....	2 00	4 to 5 ft.....	9 00
2 to 2½ ft.....	2 50	*5 to 6 ft.....	14 00
2½ to 3 ft.....	3 50		

Deduct 10 per cent of unit price for 10 or more of one variety in one size

Siberian Arborvitæ. See page 7

Chamaecyparis obtusa nana. Dwarf Hinoki Cypress. Forms a compact, dense, irregular plant, with a Japanese effect. One of the best dwarf evergreens for planting in the foreground and excellent for the rock-garden. The dark green foliage is particularly effective in the winter months.

Each	Each
8 to 10 in.....\$1 50	12 to 15 in.....\$3 50
10 to 12 in.....2 50	15 to 18 in.....5 00

C. obtusa tetragona aurea. An upright-growing, golden-leaved variety. Unusually attractive at all times.

Each	Each
1½ to 2 ft.....\$2 00	2 to 2½ ft.....\$3 00

C. pisifera. Sawara Cypress. Quick growing, of tall, pyramidal shape, with horizontal branches. The foliage is a deep, glossy green. When sheared, makes a beautiful specimen, and is very graceful when left to develop naturally.

C. pisifera plumosa. Plume Cypress. Light green foliage, soft and feathery. When sheared, makes a compact plant which can be used either around the foundation of the house or as a lawn specimen.

Price of above two varieties: Each	Each
1 to 1½ ft.....\$0 65	4 to 5 ft.....\$3 50
1½ to 2 ft.....85	5 to 6 ft.....5 50
2 to 2½ ft.....1 25	6 to 7 ft.....8 50
2½ to 3 ft.....1 75	7 to 8 ft.....12 00
3 to 4 ft.....2 50	8 to 9 ft.....18 00

C. pisifera aurea. Golden Sawara Cypress. Has all the characteristics of the above, except that it is of a beautiful golden yellow color—the brightest of all. May be easily sheared when a formal effect is desired. Well adapted to city planting.

Each	Each
1½ to 2 ft.....\$1 25	5 to 6 ft.....\$7 50
2 to 2½ ft.....1 75	6 to 7 ft.....12 00
2½ to 3 ft.....2 50	7 to 8 ft.....17 00
3 to 4 ft.....3 50	8 to 9 ft.....25 00
4 to 5 ft.....5 00	

C. pisifera filifera. Thread Retinospora. Of graceful, drooping growth, with dense, dark green foliage. Very useful in all evergreen plantings, and when sheared regularly it will maintain its low, compact shape for a long period.

Each	Each
2 to 2½ ft.....\$1 50	4 to 5 ft.....\$5 50
2½ to 3 ft.....2 50	5 to 6 ft.....8 00
3 to 3½ ft.....3 25	6 to 7 ft.....13 00
3½ to 4 ft.....4 00	

Chamaecyparis pisifera filifera aurea. Golden Thread Retinospora. Another form of Filifera, with the young growth of a golden yellow color.

Each	Each
15 to 18 in.....\$2 00	2 to 2½ ft.....\$4 00
1½ to 2 ft.....3 00	2½ to 3 ft.....6 00

C. pisifera filifera compacta. Dwarf Thread Retinospora. A dwarf, very compact form of the preceding variety.

Each	Each
2 to 2½ ft.....\$3 00	3 to 4 ft.....\$5 00
2½ to 3 ft.....4 00	

C. pisifera plumosa. See Pisifera.

C. pisifera plumosa aurea. Golden Plume Cypress. Same characteristics as the above, except that the foliage is golden in color. It is one of the most popular varieties, well liked for its rich coloring, which is in marked contrast to the darker evergreens.

Each	Each
1 to 1½ ft.....\$1 00	4 to 5 ft.....\$5 00
1½ to 2 ft.....1 25	5 to 6 ft.....6 50
2 to 2½ ft.....1 75	6 to 7 ft.....8 00
2½ to 3 ft.....2 50	7 to 8 ft.....12 00
3 to 4 ft.....3 50	8 to 9 ft.....18 00

C. pisifera plumosa aurea compacta. Dwarf Golden Plume Cypress. More compact in habit and brighter in color than the preceding. Stands shearing well and is useful for formal effects. Very attractive.

Each	Each
1 to 1½ ft.....\$1 50	2 to 2½ ft.....\$2 50
1½ to 2 ft.....2 00	2½ to 3 ft.....3 50

C. pisifera squarrosa. Moss Retinospora. Forms a broad pyramid. The soft, moss-like foliage is very dense and compact, giving a woolly appearance. Adaptable to shearing.

Each	Each
1 to 1½ ft.....\$1 00	4 to 5 ft.....\$5 50
1½ to 2 ft.....1 25	5 to 6 ft.....8 00
2 to 2½ ft.....1 75	6 to 7 ft.....12 00
2½ to 3 ft.....2 50	7 to 8 ft.....16 00
3 to 4 ft.....3 50	8 to 9 ft.....20 00

CUPRESSUS • Cypress

Cupressus, Triomphe de Boskoop. Boskoop Cypress. Blue-green foliage. Slightly pendulous. Makes a good lawn specimen.

Each	Each
4 to 5 ft.....\$4 00	6 to 7 ft.....\$8 00
5 to 6 ft.....6 00	

Pfitzer Juniper. See page 5

CRYPTOMERIA • Japanese Cedar

Cryptomeria japonica araucarioides. *Japanese Cedar.* A very unusual and interesting plant of upright shape and loose, fantastic growth.

Each	Each
1½ to 2 ft.....\$2 50	3 to 4 ft.....\$6 00
2 to 3 ft.....4 00	4 to 5 ft.....9 00

C. japonica lobbi. A handsome Japanese evergreen, tall, narrow, pyramidal in shape, and with deep green foliage which in the winter changes to a beautiful bronzy tint. A fine novelty.

Each	Each
2½ to 3 ft.....\$2 00	7 to 8 ft.....\$12 00
3 to 4 ft.....3 00	8 to 9 ft.....16 00
4 to 5 ft.....4 00	9 to 10 ft.....20 00
5 to 6 ft.....6 00	10 to 12 ft.....25 00
6 to 7 ft.....8 00	

JUNIPERUS • The Junipers

Juniperus chinensis. *Chinese Juniper.* A handsome, gray-green tree, very hardy and easy to grow. Pyramidal in habit, but can be kept lower and shrubbier. Fine as a neutral background for flowering shrubs and other low evergreens when planted in large groups.

Each	Each
3 to 4 ft.....\$3 50	4 to 5 ft.....\$5 00

J. chinensis albo-variegata. *Whiteleaf Chinese Juniper.* The bluish green foliage is prettily interspersed with numerous sprays of white branchlets. An informal, erect grower and an effective color contrast because of its speckled appearance.

Each	Each
1½ to 2 ft.....\$1 75	3 to 4 ft., extra broad.\$5 00
2 to 2½ ft.....2 50	4 to 5 ft., extra broad. 8 00
2½ to 3 ft.....3 00	5 to 6 ft., extra broad.12 00

J. chinensis pfitzeriana. *Pfitzer Juniper.* A very hardy variety that will thrive under the most unfavorable conditions. Well adapted to planting about foundations, entrances and beside steps. Spreading in habit when young. Gray-green foliage. A particularly tough plant for rough, hot, dusty, and smoky surroundings, enduring conditions which would destroy most other evergreens.

Each	Each
1½ to 2 ft.....\$1 25	4 to 5 ft., heavy....\$7 00
2 to 2½ ft.....2 00	5 to 6 ft., heavy....10 00
2½ to 3 ft.....3 00	*6 to 7 ft., heavy....15 00
3 to 3½ ft.....4 00	*7 to 8 ft., heavy....22 00
3½ to 4 ft., heavy....5 00	*8 to 9 ft., heavy....30 00

J. chinensis pyramidalis. *Columnar Chinese Juniper.* A distinct, narrow, columnar tree, with steel-blue foliage which retains its color well into the winter. Hardy and of rapid growth. Very formal.

Each	Each
3 to 4 ft.....\$2 00	7 to 8 ft.....\$8 50
4 to 5 ft.....3 00	8 to 9 ft.....12 00
5 to 6 ft.....4 50	9 to 10 ft.....16 00
6 to 7 ft.....6 50	10 to 12 ft.....20 00

J. communis hibernica. *Irish Juniper.* A slender, columnar tree that is distinctively attractive. Leaves are gray-green in color. Much used for border planting.

J. communis suecica. *Swedish Juniper.* Quick-growing, upright tree of beautiful outline, useful as an accent point in plantings, and similar to the Irish Juniper but with lighter green tips of branches.

Each	Each
1½ to 2 ft.....\$0 75	2½ to 3 ft.....\$1 50
2 to 2½ ft.....1 00	3 to 4 ft.....2 50

J. excelsa stricta. *Spiny Greek Juniper.* A very ornamental evergreen; narrow, dense and of erect growth. Foliage is gray-green. Very desirable for formal effects. Slow grower keeping its columnar habit for many years.

Each	Each
12 to 15 in.....\$0 75	2½ to 3 ft.....\$3 50
15 to 18 in.....1 00	3 to 4 ft.....5 00
1½ to 2 ft.....1 50	4 to 5 ft.....8 00
2 to 2½ ft.....2 25	5 to 6 ft.....10 00

Mugho Pine. See page 6

Juniperus horizontalis depressa plumosa. *Plumed Spreading Juniper.* An exceedingly handsome, hardy, low-growing type; spreading and graceful in form. The silvery green foliage turns to a rich purple in autumn.

Each	Each
1½ to 2 ft.....\$1 25	3 to 4 ft.....\$4 00
2 to 2½ ft.....2 00	4 to 5 ft.....5 00
2½ to 3 ft.....3 00	5 to 6 ft.....7 00

J. horizontalis glauca. *Blue Creeping Juniper.* A splendid plant for banks, rocky slopes, and rock-gardens. Makes a broad, dense mat on the ground and is very popular as a ground-cover.

Each	Each
12 to 15 in.....\$0 75	1½ to 2 ft.....\$1 50
15 to 18 in.....1 00	2 to 2½ ft.....2 50

J. sabina. *Savin Juniper.* An excellent dwarf evergreen; fanlike in habit. Foliage a pleasing dark green color. Popular for mass effects.

Each	Each
1 to 1½ ft.....\$0 75	2½ to 3 ft.....\$2 25
1½ to 2 ft.....1 25	3 to 4 ft.....3 00
2 to 2½ ft.....1 75	

J. squamata meyeri. *Meyer Juniper.* A comparatively new variety, dwarf and of irregular habit of growth. The color is iridescent, the general effect being silvery blue, the tips taking purple tints in winter.

Each	Each
12 to 15 in.....\$1 00	2½ to 3 ft.....\$4 00
15 to 18 in.....1 50	3 to 4 ft.....5 00
1½ to 2 ft.....2 25	4 to 5 ft.....6 00
2 to 2½ ft.....3 00	

J. virginiana. *Red Cedar.* Useful where tall accents are needed or formal effects desired. Tall and slender, with rich, dark green foliage.

Each	Each
6 to 7 ft., heavy....\$7 00	9 to 10 ft., heavy...\$18 00
7 to 8 ft., heavy....10 00	10 to 12 ft., heavy...22 00
8 to 9 ft., heavy....14 00	

Larger sizes, prices on application

J. virginiana glauca. *Silvery Red Cedar.* One of the handsomest forms of the Red Cedar. A little denser in habit than the common Red Cedar and has silvery gray foliage which keeps its color all year.

Each	Each
2 to 3 ft.....\$2 50	6 to 7 ft.....\$8 00
3 to 4 ft.....3 50	7 to 8 ft.....11 00
4 to 5 ft.....4 50	8 to 9 ft.....14 00
5 to 6 ft.....5 50	

J. virginiana cannarti. *Cannart Cedar.* A fine, pyramidal evergreen of compact growth. Has a wonderful winter color and is perfectly hardy. Deep, rich green foliage.

Each	Each
2 to 3 ft.....\$2 50	5 to 6 ft.....\$7 00
3 to 4 ft.....3 50	6 to 7 ft.....9 00
4 to 5 ft.....5 00	

Juniperus virginiana elegantissima. *Golden Red Cedar.* Slender outline with golden tipped foliage. An excellent variety where color contrast is desired.

J. virginiana keteleeri. *Keteleeri Red Cedar.* Similar in habit of growth to the Virginia Red Cedar, but differs slightly in color, which is a deep green. Compact foliage.

Price of above two varieties:		Each	Each
2 to 3 ft.....	\$2 50	5 to 6 ft.....	\$7 00
3 to 4 ft.....	3 50	6 to 7 ft.....	9 00
4 to 5 ft.....	5 00		

J. virginiana kosteri. *Koster Red Cedar.* Widespreading variety, resembling the Pfitzer Juniper in habit of growth.

		Each	Each
4 to 5 ft.....	\$8 00	6 to 7 ft.....	\$18 00
5 to 6 ft.....	12 00	7 to 8 ft.....	25 00

PICEA • The Spruces

Picea alba (canadensis). *White Spruce.* While this bluish green species adapts itself to a great variety of soils, it prefers moist rather than dry situations. It is a compact, erect grower, and is very long lived.

P. excelsa. *Norway Spruce.* This evergreen is much appreciated for its very rapid growth, thriftiness, and heavy masses of dark green foliage. Adapts itself to almost any soil. Most satisfactory for windbreaks and hedges.

Price of above two varieties:		Each	Each
1½ to 2 ft.....	\$0 75	5 to 6 ft.....	\$5 00
2 to 2½ ft.....	1 25	6 to 7 ft.....	7 00
2½ to 3 ft.....	1 75	7 to 8 ft.....	9 00
3 to 4 ft.....	2 50	8 to 9 ft.....	12 00
4 to 5 ft.....	3 50		

P. pungens. *Colorado Spruce.* A hardy conifer of symmetrical growth. Makes fine lawn specimens and equally desirable as accent points among the darker Spruces. Foliage green to blue-green.

		Each	Each
1½ to 2 ft.....	\$1 25	4 to 5 ft.....	\$5 00
2 to 3 ft.....	2 25	5 to 6 ft.....	7 50
3 to 4 ft.....	3 50	6 to 7 ft.....	10 00

P. pungens glauca. *Blue Colorado Spruce.* An evergreen of similar habit to the above, with distinct gray-blue foliage, which is dense and of a wonderful velvety texture. Really a beautiful tree.

		Each	Each
1 to 1½ ft.....	\$1 50	3 to 4 ft.....	\$7 00
1½ to 2 ft.....	2 50	4 to 5 ft.....	9 00
2 to 2½ ft.....	3 50	5 to 6 ft.....	12 00
2½ to 3 ft.....	5 00	6 to 7 ft.....	16 00

Taxus, Spreading. See page 7

Picea pungens kosteri. *Koster Blue Spruce.* This is the bluest of the Spruces. In form and habit of growth it is compact, symmetrical, and shapely, and because of its intense coloring it is considered the most desirable of all the fancy-colored evergreens.

		Each	Each
1 to 1½ ft.....	\$3 00	3½ to 4 ft.....	\$12 00
1½ to 2 ft.....	4 50	4 to 5 ft.....	15 00
2 to 2½ ft.....	6 00	*5 to 6 ft.....	22 00
2½ to 3 ft.....	8 00	*6 to 7 ft.....	30 00
3 to 3½ ft.....	10 00	*7 to 8 ft.....	40 00

PINUS • The Pines

Pinus flexilis. *Limber Pine.* A very hardy, upright-growing Pine with dark bluish green foliage.

		Each	Each
*2 to 3 ft.....	\$3 50	*4 to 5 ft.....	\$6 00
*3 to 4 ft.....	4 50	*5 to 6 ft.....	8 00

P. montana mughus. *Mugbo Pine.* Dwarf evergreen. Slow growing, very hardy, compact and neat in habit. Most valuable where a low, dense evergreen growth is desired and excellent for rock-gardens and foundations.

		Each	Each
12 to 15 in.....	\$0 85	2½ to 3 ft.....	\$4 00
15 to 18 in.....	1 25	3 to 4 ft.....	6 00
1½ to 2 ft.....	2 00	4 to 5 ft.....	8 00
2 to 2½ ft.....	3 00	5 to 6 ft.....	12 00

P. nigra (austriaca). *Austrian Pine.* A stately Pine, vigorous and rapid grower; very hardy. Long, rich green needles. It thrives on any soil, inland or near the sea. One of the finest pines for general planting.

		Each	Each
2 to 3 ft.....	\$2 00	7 to 8 ft.....	\$13 00
3 to 4 ft.....	3 50	8 to 9 ft.....	18 00
4 to 5 ft.....	5 00	9 to 10 ft.....	25 00
5 to 6 ft.....	7 00	10 to 12 ft.....	35 00
6 to 7 ft.....	10 00	12 to 14 ft.....	45 00

P. resinosa. *Red Pine.* Resembles the Austrian Pine in habit, the needles, however, being longer and darker, though not so coarse or stiff. Quite as desirable as the Austrian Pine.

		Each	Each
2 to 3 ft.....	\$1 75	7 to 8 ft.....	\$10 00
3 to 4 ft.....	2 75	8 to 9 ft.....	15 00
4 to 5 ft.....	4 00	9 to 10 ft.....	20 00
5 to 6 ft.....	5 50	10 to 12 ft.....	30 00
6 to 7 ft.....	7 00		

P. strobus. *White Pine.* An extremely rapid-growing Pine, and forms very beautiful specimens if permitted to develop in the open. Useful as lawn specimens in the border, as a screen or windbreak, and is exceptionally fine for mass planting.

		Each	Each
2 to 3 ft.....	\$1 50	8 to 10 ft.....	\$15 00
3 to 4 ft.....	2 50	10 to 12 ft.....	20 00
4 to 5 ft.....	3 50	12 to 14 ft.....	25 00
5 to 6 ft.....	4 50	14 to 16 ft.....	35 00
6 to 7 ft.....	6 50	16 to 18 ft.....	50 00
7 to 8 ft.....	9 00		

P. sylvestris. *Scotch Pine.* Desirable for its very rapid growth and adaptability to most soils. Silvery foliage. Will thrive under the most adverse conditions. Making very picturesque landscape pictures as it matures.

		Each	Each
2 to 3 ft.....	\$1 50	7 to 8 ft.....	\$8 00
3 to 4 ft.....	2 00	8 to 10 ft.....	11 00
4 to 5 ft.....	3 00	10 to 12 ft.....	15 00
6 to 7 ft.....	6 00	12 to 14 ft.....	20 00

P. thunbergi. *Japanese Black Pine.* A beautiful Pine with rich dark green needles and interesting outline. Good for seashore planting.

		Each	Each
3 to 4 ft.....	\$3 50	5 to 6 ft.....	\$7 00
4 to 5 ft.....	5 00		

PSEUDOTSUGA. *Douglas Fir.* See Abies, page 3.

RETINOSPORA. See Chamæeyparis, pages 3 and 4.

TAXUS · The Yews

Taxus baccata repandens. *Spreading English Yew.* Of graceful, spreading form. The most prostrate of all the Yews, and one of the finest low-growing evergreens because of its adaptability to shade or sunlight.

Each	Each
15 to 18 in.....\$2 00	2½ to 3 ft.....\$6 50
1½ to 2 ft..... 3 00	*3 to 3½ ft.....10 00
2 to 2½ ft..... 4 00	*3½ to 4 ft.....14 00

T. canadensis. *Canada Yew.* A variety with low, spreading habit. Will do well in shade.

Each	Each
1½ to 2 ft.....\$2 00	2½ to 3 ft.....\$4 00
2 to 2½ ft..... 3 00	3 to 4 ft..... 6 00

T. cuspidata. *Spreading Japanese Yew.* A compact, spreading variety with rich, dark green foliage and brilliant scarlet berries in the autumn. Perfectly hardy and valuable for many locations.

Each	Each
15 to 18 in.....\$1 00	3 to 4 ft.....\$5 00
1½ to 2 ft..... 1 50	4 to 5 ft..... 8 00

T. media hicksi. *Hicks Yew.* A narrow, upright form of Yew useful for formal accent or hedge-planting.

Each	Each
3 to 4 ft.....\$5 00	4 to 5 ft.....\$8 00

THUJA · The Arborvitæ

Thuja occidentalis. *American Arborvitæ.* The upright, flat-leaved evergreen so commonly used as single specimens and for hedges and windbreaks. Will stand severe shearing.

Each	Each
1½ to 2 ft.....\$0 50	5 to 6 ft.....\$3 50
2 to 2½ ft..... 65	6 to 7 ft..... 5 00
2½ to 3 ft..... 75	7 to 8 ft..... 7 00
3 to 4 ft..... 1 25	8 to 9 ft..... 9 00
4 to 5 ft..... 2 00	9 to 10 ft.....12 00

T. occidentalis Columbia. *Columbia Arborvitæ.* Pyramidal form, with silvery tipped foliage. An excellent variety for group plantings.

Each	Each
2½ to 3 ft.....\$2 50	4 to 5 ft.....\$5 00
3 to 4 ft..... 3 50	5 to 6 ft..... 7 00

T. occidentalis compacta. *Parsons' Arborvitæ.* A dwarf, ball-shaped form, with light green foliage; much used in foundation plantings.

Each	Each
12 to 15 in.....\$0 60	2 to 2½ ft.....\$1 50
15 to 18 in..... 75	2½ to 3 ft..... 2 00
1½ to 2 ft..... 1 00	

Thuja occidentalis ellwangeriana, Rheingold. *Golden Tom Thumb Arborvitæ.* A dwarf form, with beautiful golden foliage. Exceptionally fine for rock-gardens or borders.

Each	Each
10 to 12 in.....\$1 50	15 to 18 in.....\$2 50
12 to 15 in..... 2 00	18 to 24 in..... 3 50

T. occidentalis globosa. *American Globe Arborvitæ.* This small, dwarf evergreen is true to name, having a very round or globe-shaped outline. Very hardy, ornamental, and most satisfactory for border planting or low-growing hedges.

Each	Each
12 to 15 in.....\$0 75	1½ to 2 ft.....\$1 50
15 to 18 in..... 1 00	2 to 2½ ft..... 2 00
	2½ to 3 ft..... 3 00

T. occidentalis lutea. *George Peabody Arborvitæ.* A well-known variety forming a broad pyramid, with golden yellow foliage that is strikingly contrasted against the grays and greens of other evergreens.

Each	Each
2 to 2½ ft.....\$1 00	5 to 6 ft.....\$4 50
2½ to 3 ft..... 1 50	6 to 7 ft..... 6 00
3 to 4 ft..... 2 00	7 to 8 ft..... 8 00
4 to 5 ft..... 3 00	

T. occidentalis plicata. *Giant Arborvitæ.* Pyramidal shape. Deep blue-green foliage with triangular whitish spots. As its name implies, it attains considerable height.

Each	Each
2½ to 3 ft.....\$2 00	5 to 6 ft.....\$5 00
3 to 4 ft..... 3 00	6 to 7 ft..... 7 00
4 to 5 ft..... 4 00	7 to 8 ft..... 9 00

T. occidentalis pyramidalis. *Pyramidal Arborvitæ.* This is one of the very best of the Arborvitæ. It is distinctly columnar in growth, while its glossy, dark green foliage is equally attractive both winter and summer. A formal plant, and fine for accents.

Each	Each
2 to 2½ ft.....\$0 75	6 to 7 ft.....\$6 00
2½ to 3 ft..... 1 25	7 to 8 ft..... 8 00
3 to 4 ft..... 2 00	8 to 9 ft.....12 00
4 to 5 ft..... 3 00	9 to 10 ft.....16 00
5 to 6 ft..... 4 50	10 to 12 ft.....20 00

T. occidentalis rosenthali. *Rosenthal Arborvitæ.* A compact tree, erect, columnar in growth, and with dark green, glossy foliage. Fine as specimens or for formal plantings.

Each	Each
2 to 2½ ft.....\$1 50	3 to 4 ft.....\$3 00
2½ to 3 ft..... 2 00	4 to 5 ft..... 4 50
	5 to 6 ft..... 6 50

T. occidentalis sibirica. *Siberian Arborvitæ.* A hardy variety, forming a broad pyramid. Deep olive-green foliage; of slow growth. Useful in foundation plantings.

Each	Each
1½ to 2 ft.....\$0 75	3 to 3½ ft.....\$2 50
2 to 2½ ft..... 1 25	3½ to 4 ft..... 3 50
2½ to 3 ft..... 1 75	4 to 5 ft..... 5 00
	5 to 6 ft..... 8 00

T. occidentalis spiralis. *Douglas Pyramidal Arborvitæ.* Pyramidal in form with short, compact, twisted effect branches, which gives this variety more character than the common form. Valuable as an accent plant in foundation plantings.

Each	Each
2 to 3 ft.....\$1 25	5 to 6 ft.....\$5 50
3 to 4 ft..... 2 25	6 to 7 ft..... 7 00
4 to 5 ft..... 3 50	7 to 8 ft..... 9 00

T. orientalis. *Chinese Arborvitæ.* A fast-growing variety which can be used where mass effect is desired, as a specimen or as a hedge. The foliage is very short and of an attractive green color.

T. orientalis pyramidalis. *Chinese Pyramidal Arborvitæ.* Neat, columnar habit; fast growing. Foliage bright green in summer, assuming a bronzy tint in winter.

Price of above two varieties:

Each	Each
2 to 2½ ft.....\$0 75	4 to 5 ft.....\$2 50
2½ to 3 ft..... 1 00	5 to 6 ft..... 3 75
3 to 4 ft..... 1 75	6 to 7 ft..... 5 00

Deduct 10 per cent of unit price for 10 or more of one variety in one size

Thuja orientalis aurea nana. *Berckman's Golden Arborvitæ.*

A very beautiful dwarf evergreen of round shape. Formal in habit, with golden yellow foliage. Slow growing. Each

Each	1½ to 2 ft.....	\$2 00
10 to 12 in.....	\$0 60	2 to 2½ ft..... 3 00
12 to 15 in.....	85	*5 to 5½-ft.,specimen.30 00
15 to 18 in.....	1 25	*5½ to 6-ft.,specimen 40 00

T. orientalis compacta. *Chinese Compact Arborvitæ.* Bright green in color and of dwarf, columnar shape. Desirable for very formal effects or for hedges. Each

Each	2½ to 3 ft.....	\$2 50
12 to 18 in.....	\$0 75	3 to 4 ft..... 3 50
1½ to 2 ft.....	1 00	4 to 5 ft..... 5 00
2 to 2½ ft.....	1 50	5 to 6 ft..... 8 00

T. standishi. *Standish Arborvitæ.* This is a loose, open type of Arborvitæ, with rich green foliage that is more feathery in appearance than any of the other Arborvitæ. It is often used in informal plantings.

Each		Each	
2 to 2½ ft.....	\$1 25	4 to 5 ft.....	\$4 00
2½ to 3 ft.....	2 00	5 to 6 ft.....	5 50
3 to 4 ft.....	2 75	6 to 7 ft.....	7 00

TSUGA • The Hemlocks

Tsuga canadensis. *American Hemlock.* Most desirable evergreen tree, very graceful and adaptable for specimens or groups. A very delightful effect is obtained when grown as a hedge. The leaves are dull green, on branches that are slender and drooping.

	Each		Each
1½ to 2 ft.....	\$1 25	5 to 6 ft.....	\$7 00
2 to 2½ ft.....	1 75	6 to 7 ft.....	10 00
2½ to 3 ft.....	2 50	7 to 8 ft.....	15 00

3½ to 4 ft.....	4 00	9 to 10 ft.....	28 00
4 to 5 ft.....	5 00	10 to 12 ft.....	35 00

T. caroliniana. *Carolina Hemlock.* An attractive tree with dark green foliage and drooping branches. A trifle more open and thin in growth and habit than Canadensis.

Each		Each	
1½ to 2 ft.....	\$1 75	3 to 4 ft.....	\$4 50
2 to 2½ ft.....	2 50	4 to 5 ft.....	6 00
2½ to 3 ft.....	3 00	5 to 6 ft.....	8 00

Evergreen Hedges

FROM time immemorial people have used hedges and fences to protect their property from intrusion and to secure privacy. Until recently an evergreen hedge meant quite an expense, but they have now come down to a price-level within the reach of every home-owner. We invite you to compare the prices listed below with the cost of a fence.

ARBORVITÆ

American. Makes a very dense, fast-growing hedge and will reach considerable height if left to grow. Set plants 2 to 3 feet apart.

10	100
2 to 3 ft.....	\$6 00 \$50 00
3 to 4 ft.....	10 00 90 00
4 to 5 ft.....	16 00 150 00

Pyramidal. Because of its shapely habit of growth and deep green foliage, this makes a very fine hedge.

10	100
2 to 2½ ft.....	\$6 00 \$50 00
2½ to 3 ft.....	8 00 70 00
3 to 4 ft.....	12 50 100 00
4 to 5 ft.....	20 00 175 00

HEMLOCK

The Hemlock hedge is ideal, and we recommend it as one of the most beautiful of evergreen hedges. Every year it grows increasingly beautiful. The Hemlock also grows well in shade, and lends itself nicely to shearing.

10	100
1½ to 2 ft.....	\$10 00 \$75 00
2 to 2½ ft.....	12 50 100 00
2½ to 3 ft.....	20 00 175 00
3 to 4 ft.....	26 00 240 00
4 to 5 ft.....	40 00 350 00

JAPANESE YEW

Without doubt, this is the grandest of all the evergreens for hedges. In England and on the Continent, Yew hedges make up a large part of the charm of the landscape. The deep, rich, dark green foliage makes them a beautiful thing to behold. Plant a Yew hedge now and enjoy it all the days of your life.

A FEW PRACTICAL HINTS ON PLANTING

Always keep roots covered when plants are out of the ground.
Dig hole large enough to receive plant without bending roots.
Break up subsoil and mix it thoroughly with rotted stable manure.
Set plants slightly deeper than they stood at the nursery.
Work in good soil among roots so as to leave no air-pockets.

Fill hole and tamp soil down thoroughly with the heel of shoe or tamping tool.

Leave slight depression around plant to catch the water, and water thoroughly.

A booklet with more detailed planting instructions will be gladly sent upon request free of charge.

A lovely planting of Hybrid Rhododendrons

EVERGREEN SHRUBS

WITH few exceptions, no ground, either small or extensive, should be without some representative of this rich and interesting group of plants. They endure shade, and their rich blossom and foliage effect makes them almost indispensable. Certain varieties of this class, such as Rhododendrons, Azaleas, and Laurel ordinarily grow more satisfactorily and show to better advantage when planted in rather heavy masses. A deep, cool, moist subsoil, with proper drainage, is ideal. As a rule, they dislike lime, or limestone soil, and success will be more certain on such soils if they are planted in woods earth or mulched with peat moss. Oak leaves are ideal for covering the ground beneath them.

*List of varieties follows on pages
10 and 11*

Leucothoe catesbaei. See page 11

Azalea macrantha. See page 10

Edge your rose-garden with boxwood

ABELIA

Abelia grandiflora. Glossy Abelia. Bright, shiny foliage and a mass of light pink blossoms from July until frost. Dwarf in habit, making it most useful for adding color to the foreground.

Each	Each
12 to 18 in. \$0 75	1½ to 2 ft. \$1 00

AZALEA

Azalea amœna. Japanese Azalea. Purple-red blooms produced in a solid mass during April and May. The lustrous leaves take on a rich bronze in the fall, making this a most attractive plant. It is a vigorous grower. Does well in shady locations.

Each	Each
10 to 12 in. \$0 75	1½ to 2 ft. \$2 50
12 to 15 in. 1 00	2 to 2½ ft. 3 50
15 to 18 in. 1 50	

A. benigiri. Japanese Azalea. Resembles Hinodegiri in habit of growth. Deep reddish pink flowers in great profusion. Rich evergreen foliage.

Each	Each
10 to 12 in. \$1 25	12 to 15 in. \$2 00

A. Hinamoyo. Japanese Azalea. Very much like the Hinodegiri in habit, the flowers being a beautiful shade of soft pink, produced in great profusion in May.

Each	Each
12 to 15 in. \$1 50	2 to 2½ ft. \$5 00
15 to 18 in. 2 50	*3½ to 4 ft. 12 00
1½ to 2 ft. 3 50	

A. hinodegiri. Japanese Azalea. Bright carmine-pink flowers in profusion in April and May. Evergreen foliage, larger than Amœna.

Each	Each
10 to 12 in. \$1 25	15 to 18 in. \$3 00
12 to 15 in. 2 00	1½ to 2 ft. 4 50

A. macrantha. Japanese Azalea. Large, salmon-red flowers. A compact, flat, quick-growing variety. Very hardy.

Each	Each
12 to 15 in. \$2 50	1½ to 2 ft. \$5 00
15 to 18 in. 3 50	

A., Yayegiri. Japanese Azalea. One of the most showy Azaleas. Produces an abundance of beautiful semi-double flowers of a salmon-red color. Deep green foliage.

Each	Each
12 to 15 in. \$2 00	*2 to 2½ ft. \$7 00
15 to 18 in. 3 00	*2½ to 3 ft. 10 00
1½ to 2 ft. 4 50	

A. yodogawa. Yodogawa Azalea. Very hardy and vigorous. Double, pinkish lavender flowers in May. Semi-evergreen.

Each	Each
2½ to 3 ft. \$4 50	3 to 4 ft. \$6 00

BOXWOOD • Buxus

Buxus sempervirens. Common Boxwood. A slow-growing bush, always compact, excellent for hedges or formal specimens. Foliage is a rich glossy green.

Each	Each
8 to 10 in. \$0 50	12 to 15 in. \$1 00
10 to 12 in. 75	15 to 18 in. 1 50

Globe Form.

12 to 15 in. 1 50	1½ to 2 ft. 4 50
15 to 18 in. 2 50	

B. suffruticosa. Dwarf Boxwood. A splendid dwarf plant, ideal for edging purposes in the formal garden and for borders.

100	100
4 to 6 in. \$20 00	6 to 8 in. \$35 00

BERBERIS

Berberis julianæ. Wintergreen Barberry. A hardy, erect plant of compact growth, with rich, glossy green foliage throughout the winter. It harmonizes well with rhododendrons, kalmias, and such other evergreen shrubs.

Each	Each
12 to 18 in. \$1 00	2½ to 3 ft. \$3 50
1½ to 2 ft. 2 00	3 to 4 ft. 5 00
2 to 2½ ft. 2 50	

B. verruculosa. Warty Barberry. A dwarf, spreading, compact plant with shiny foliage and fragrant yellow flowers. Black fruits.

Each	Each
6 to 10 in. \$0 75	12 to 15 in. \$1 25
10 to 12 in. 1 00	

CALLUNA

Calluna vulgaris rosea. Heather. Low, bushy shrub with spikes of pink flowers in late summer. Excellent for rock-garden or for covering banks.

Each	Each
2-yr. \$0 60	3-yr. \$0 85

COTONEASTER HORIZONTALIS. See page 19

DAPHNE

Daphne cneorum. Rose Daphne. A dwarf evergreen shrub, with green leaves on almost prostrate stems, which produces a profusion of fragrant, rosy pink flowers in April and May. It is extremely pretty in rock-gardens.

Each	Each
8 to 10 in. \$0 75	15 to 18 in. \$2 00
10 to 12 in. 1 00	1½ to 2 ft. 2 50
12 to 15 in. 1 50	2 to 2½ ft. 3 50

EUONYMUS

Euonymus japonicus aureus. Gold-leaf Burning-bush. An upright, bushy shrub with lustrous green leaves, variegated with yellow. Attains a height of 4 to 5 feet.

Each	Each
1 to 1½ ft. \$1 00	1½ to 2 ft. \$1 50

E. radicans. Japanese Evergreen Creeper. A low, trailing shrub, excellent as a ground-cover. Leaves are small, dull green above with whitish veins.

E. radicans vegetus. Broad-leaf Evergreen Bittersweet. A trailing evergreen shrub with round leaves. Produces a profusion of orange-scarlet berries in the fall. Makes a splendid ground-cover.

Each	Each
Price of above two varieties: Each	Strong plants \$0 50
Medium plants \$0 35	Extra strong plants 75

E. radicans variegata. Variegated Japanese Creeper. Similar to the above, with foliage of a variegated creamy white and pink.

Each	Each
Medium plants \$0 50	Extra strong plants \$1 00
Strong plants 75	

Deduct 10 per cent of unit price for 10 or more of one variety in one size

ILEX

Ilex crenata. *Japanese Holly.* Dense, compact evergreen bush that can be shaped like boxwood. Deep green, boxlike foliage. Rapid grower.

Each	Each
1 to 1½ ft.....\$1 50	2½ to 3 ft.....\$4 00
1½ to 2 ft..... 2 25	3 to 4 ft..... 6 00
2 to 2½ ft..... 3 00	4 to 5 ft.....10 00

I. glabra. *Inkberry.* A bushy, upright-growing, very hardy shrub. Has dark, oval foliage, small flowers and an abundance of glossy black fruit in the fall. Useful for shady and moist locations.

Each	Each
1½ to 2 ft.....\$2 00	3 to 4 ft.....\$4 00
2 to 2½ ft..... 2 50	4 to 5 ft..... 5 00
2½ to 3 ft..... 3 00	

I. opaca. *American Holly.* Slow-growing tree with short, spreading branches. Leaves are large, shiny, and thorny. This is the red-berried Holly that is in such popular demand during the Christmas season.

Each	Each
2½ to 3 ft.....\$5 00	4 to 5 ft.....\$9 00
3 to 4 ft..... 6 50	5 to 6 ft.....12 00
	6 to 7 ft.....15 00

KALMIA

Kalmia latifolia. *Mountain Laurel.* A vigorous evergreen shrub, with long, clustered leaves of rich, glossy green. Very hardy and will thrive in sunlight or partial shade. In early summer the large, showy clusters of rose-white flowers present a charmingly gay effect. Particularly fine in mass plantings or may be grouped with other evergreens.

Each	Each
1 to 1½ ft.....\$1 00	2½ to 3 ft.....\$3 50
1½ to 2 ft..... 1 75	3 to 4 ft..... 5 00
2 to 2½ ft..... 2 50	4 to 5 ft..... 7 00

LEUCOTHOE

Leucothoe catesbaei. *Drooping Leucothoe.* A valuable shrub for planting under trees and other shady spots. The fine white blossoms are borne in long, drooping racemes and are delightfully fragrant. In late fall the leaves assume a purplish red tint which is retained throughout winter.

Each	Each
12 to 15 in.....\$1 00	1½ to 2 ft.....\$2 00
15 to 18 in..... 1 25	2 to 3 ft..... 3 00

MAHONIA

Mahonia aquifolium. *Oregon Holly-Grape.* Glossy green, holly-like leaves and yellow flowers in May and June. Prefers shady situations.

Each	Each
1 to 1½ ft.....\$1 25	2 to 2½ ft.....\$2 75
1½ to 2 ft..... 1 75	2½ to 3 ft..... 4 00
	3 to 4 ft..... 5 50

PACHYSANDRA

Pachysandra terminalis. *Japanese Spurge.* Low-growing plant which makes a splendid evergreen ground-cover in shady places where grass will not grow. Also very effective when used as an edging plant for larger evergreens.

Each	10	100
Field-grown, medium.....\$1 50		\$12 00
Field-grown, strong..... 2 00		15 00

PYRACANTHA

Pyracantha coccinea lalandi. *Laland Fire Thorn.* A beautiful specimen plant of slender, upright habit. Has small, dark green leaves and the small white flowers are followed by bright orange berries in late summer. Genuine lalandi strain.

Each	Each
1 to 1½ ft.....\$1 50	2 to 3 ft.....\$3 00
1½ to 2 ft..... 2 25	

PIERIS

Pieris floribunda. *Mountain Andromeda.* Invaluable for planting in the shade. Makes a low, compact, evergreen shrub, with small, dark green leaves and masses of white flowers in the spring.

Each	Each
15 to 18 in.....\$2 50	2 to 2½ ft.....\$4 50
1½ to 2 ft..... 3 50	

RHODODENDRON

Rhododendron carolinianum. *Carolina Rhododendron.* A very early-blooming variety, small and compact. Has handsome, dark green leaves and in May and June produces a profusion of soft rose-pink blooms. An interesting variety.

Each	Each
1½ to 2 ft.....\$2 50	3 to 3½ ft.....\$5 50
2 to 2½ ft..... 3 50	3½ to 4 ft..... 7 00
2½ to 3 ft..... 4 50	4 to 5 ft..... 9 00

R. catawbiense. *Catawba Rhododendron.* A native variety, the parent of most of our best hybrids. Will grow in any soil that is free from lime; very hardy and free flowering, the large, round clusters of deep rosy purple appearing in May and June.

Each	Each
1½ to 2-ft. spec.....\$3 00	3 to 4 ft.....\$7 00
2 to 2½-ft. spec..... 4 00	4 to 5 ft..... 8 50
2½ to 3 ft..... 5 00	

R. maximum. *Great Bay Rhododendron.* The acme of perfection in size and hardiness. Flat masses of white to light pink blooms appear in June. The foliage is heavy, thick, and smooth.

Each	Each
1½ to 2 ft.....\$2 25	4 to 5 ft.....\$7 00
2 to 2½ ft..... 3 00	5 to 6 ft.....10 00
2½ to 3 ft..... 4 00	6 to 7 ft.....12 00
3 to 4 ft..... 5 00	

R. Hybrid Seedlings. In assorted colors.

Each	Each
2 to 2½ ft.....\$4 00	3 to 4 ft.....\$7 00
2½ to 3 ft..... 5 50	

R. Hybrids. In varieties and colors. Choice varieties having immense blooms in a wide range of colors.

Dr. H. C. Dresselhuys. Analine-red.

Mrs. C. S. Sargent. Deep pink, yellow eye.

Roseum Elegans. Clear rose-pink.

Each	Each
15 to 18 in.....\$3 50	*2½ to 3 ft.....\$10 00
1½ to 2 ft..... 5 00	*3 to 4 ft..... 15 00
2 to 2½ ft..... 7 50	*4 to 5 ft..... 20 00

VINCA

Vinca minor. *Periwinkle; Myrtle.* A splendid evergreen ground-cover with small blue flowers. Prefers shade.

10	100
Strong plants.....\$1 50	\$12 00

YUCCA

Yucca filamentosa. *Common Yucca.* Swordlike foliage and tall spikes of drooping, bell-shaped flowers, creamy white in June. Strong plants 50 cts. each; extra strong plants \$1.00 and up.

Pachysandra

ORNAMENTAL AND SHADE TREES

IN addition to the trees which are valued for their shade, there are flowering trees which, at different times during the spring and summer, shower the lawn with their bloom. Do not forget that while shade trees add materially to the property value and landscape charm of your home, the initial cost is very small as compared with the enjoyment that you receive. The average shade tree is a long investment and returns your money manifold throughout the years of its usefulness.

ACER • The Maples

Acer dasycarpum. *Silver Maple.* Foliage light green, silvery underneath. One of the hardiest and fastest growing shade trees. Prefers rich, moist soil but will thrive almost anywhere except on dry ground.

	Each
10 to 12 ft., 1½ to 2 -in. cal.....	\$2 00
12 to 14 ft., 2 to 2½-in. cal.....	3 00

12 to 16 ft., 3 to 3½-in. cal.....	7 50
12 to 16 ft., 3½ to 4 -in. cal.....	10 00
12 to 16 ft., 4 to 5 -in. cal.....	14 00
12 to 16 ft., 5 to 6 -in. cal.....	18 00

A. dasycarpum wieri. *Wier's Cutleaf Maple.* A graceful, drooping, cut-leaved form of Maple. Very ornamental as a lawn tree.

	Each
12 to 14 ft., 2 to 2½-in. cal.....	\$5 00
12 to 14 ft., 2½ to 3 -in. cal.....	7 00

Increases Property Value

Beautifying your home grounds is an investment which pays immediate dividends. The moment you set an ornamental or fruit tree, a shrub, plant or vine, your property becomes more valuable and desirable. Real estate dealers have estimated that the addition of a few trees and shrubs in a new subdivision often increases the property value 20%. Most things depreciate from the minute of purchase. Planting is one of the few investments that do not depreciate but ever bring increased returns in actual value and satisfaction.

Acer ginnala. *Amur Maple.* Brilliant autumn coloring, very effective with shrub and tree plantings.

	Each	Each
6 to 8 ft.....	\$3 00	8 to 10 ft..... \$4 50

Cercis canadensis (American Red-bud). See page 14

Deduct 10 per cent of unit price for 10 or more of one variety in one size

Acer platanoides. *Norway Maple.* A splendid variety for street and lawn planting because of its large, rounding, spreading head and broad, dark green foliage. Very hardy. One of the best street trees.

	Each
8 to 10 ft., 1 to 1¼-in. cal.....	\$2 00
8 to 10 ft., 1¼ to 1½-in. cal.....	2 50
10 to 12 ft., 1½ to 1¾-in. cal.....	3 00
10 to 12 ft., 1¾ to 2 -in. cal.....	4 00
12 to 14 ft., 2 to 2½-in. cal.....	5 00
12 to 14 ft., 2½ to 3 -in. cal.....	6 00
14 to 16 ft., 3 to 3½-in. cal.....	8 00
14 to 16 ft., 3½ to 4 -in. cal.....	12 00
14 to 16 ft., 4 to 4½-in. cal.....	18 00
14 to 16 ft., 4½ to 5 -in. cal.....	23 00
14 to 16 ft., 5 to 6 -in. cal.....	30 00
14 to 16 ft., 6 to 7 -in. cal.....	45 00
14 to 16 ft., 7 to 8 -in. cal.....	65 00

A. rubrum. *Red Maple.* Dense foliage and beautiful fall coloring make this a popular variety. Succeeds in wet situations where no other Maple will live.

	Each
6 to 8 ft.....	\$2 50
8 to 10 ft., 1 to 1¼-in. cal.....	3 00
8 to 10 ft., 1¼ to 1½-in. cal.....	3 50
10 to 12 ft., 1½ to 1¾-in. cal.....	4 50

JAPANESE MAPLES

Acer palmatum (polymorphum). *Japanese Maple.* Dense, graceful habit, with foliage that assumes the most striking colors. Suitable for specimens and for color effect in mixed plantings.

	Each	Each
4 to 5 ft.....	\$2 50	5 to 6 ft.....\$3 50
		6 to 7 ft.....5 00

A. palmatum dissectum. *Thread-leaf Maple.* A graceful, slow-growing tree with lacy and attractive green foliage.

	Each	Each
1½ to 2 ft.....	\$3 00	6 to 7 ft.....\$45 00
2 to 3 ft.....	5 00	7 to 8 ft.....55 00
3 to 4 ft.....	10 00	

Pink-flowering Dogwood. See page 14

Acer palmatum atropurpureum. *Blood-leaf Japanese Maple.* Blood-red leaves in the spring, which later change to dark purple. Most effective when planted with evergreens; also very showy as a lawn specimen.

	Each	Each
1 to 1½ ft.....	\$1 50	3 to 4 ft.....\$7 50
1½ to 2 ft.....	2 25	4 to 5 ft.....12 00
2 to 2½ ft.....	3 50	5 to 6 ft.....18 00
2½ to 3 ft.....	5 00	6 to 7 ft.....24 00

AMYGDALUS

Amygdalus persica, magnifica, Clara Meyer, and rubra.

Double-flowering Peach. A very decorative tree with attractive, double red or pink blossoms appearing before the leaves.

	Each	Each
3 to 4 ft.....	\$1 25	10 to 12 ft.....\$10 00
4 to 5 ft.....	1 75	

BETULA · The Birches

Betula alba. *European White Birch.* A tall, graceful tree of moderately quick growth, with spray-like branches and silvery bark. It makes a valuable specimen tree for the lawn and is excellent for group planting.

	Each
6 to 8 ft.....	\$2 00
8 to 10 ft.....	3 50
10 to 12 ft., 2 to 2½-in. cal.....	6 00
12 to 14 ft., 2½ to 3-in. cal.....	7 50
12 to 14 ft., 3 to 3½-in. cal.....	10 00

B. alba laciniata. *Cut-leaf Weeping Birch.* Leaves deeply serrated, produced on drooping branches. White bark. Very graceful.

	Each
10 to 12 ft., 1½ to 2-in. cal.....	\$8 00

CATALPA

Catalpa bignonioides nana. *Umbrella Tree.* Small tree with rounded head and small leaves on a straight stem. Most valuable for formal effects and usually planted in pairs.

	Each
4 to 6-ft. stems, 2 and 3-year head.....	\$2 00
4 to 6-ft. stems, 7 and 8-year head.....	7 00

C. speciosa. *Western Catalpa.* Quick-growing tree with somewhat coarse leaves. Most useful for planting near the shore.

	Each
12 to 14 ft., 3 to 4-in. cal.....	\$5 00
12 to 14 ft., 4 to 5-in. cal.....	9 00

Cornus florida (White-flowering Dogwood). See page 14

Deduct 10 per cent of unit price for 10 or more of one variety in one size

Flowering Crabs (Malus). See page 15

CERCIS

Cercis canadensis. *American Red-bud.* An abundance of a most unusual shade of reddish flowers covers the tree in April before the large, heart-shaped leaves appear. Very effective combined with dogwood.

Each		Each	
3 to 4 ft.....	\$1 00	5 to 6 ft.....	\$2 00
4 to 5 ft.....	1 50	6 to 8 ft.....	3 00

CERASUS. See Prunus, page 15

CORNUS · The Dogwoods

Cornus florida. *White-flowering Dogwood.* Of regular habit, with spreading, open top. Showy white flowers cover the tree in May before the leaves appear and in autumn the green leaves turn dark red.

Each		Each	
2 to 3 ft.....	\$1 00	5 to 6 ft.....	\$3 50
3 to 4 ft.....	1 50	6 to 8 ft.....	5 50
4 to 5 ft.....	2 00	8 to 10 ft.....	9 00

C. florida rubra. *Pink-flowering Dogwood.* One of the finest flowering trees, of similar habit to the white Dogwood, except that the blossoms are of a lovely pink shade.

Each		Each	
2 to 3 ft.....	\$1 50	6 to 7 ft.....	\$9 00
3 to 4 ft.....	2 50	7 to 8 ft.....	13 00
4 to 5 ft.....	3 50	8 to 9 ft.....	18 00
5 to 6 ft.....	5 00		

CRATÆGUS · The Hawthorn

Crataegus cordata. *Washington Hawthorn.* A very desirable small tree of compact growth. Will thrive in any soil. Bears white flowers in June followed by rich scarlet berries in the fall.

Each		Each	
4 to 5 ft.....	\$2 50	6 to 7 ft.....	\$5 00
5 to 6 ft.....	3 50		

C. oxyacantha splendens. *Paul's Scarlet Hawthorn.* A mass of double, rich, deep crimson flowers. Luxuriant foliage. Excellent specimen tree.

C. oxyacantha rosea plena. *Double Pink-flowering Hawthorn.* Resembles the above, with pale pink blossoms.

Price of above two varieties: Each		Each	
4 to 5 ft.....	\$3 00	6 to 8 ft.....	\$6 00
5 to 6 ft.....	4 00		

FAGUS · The Beech

Fagus sylvatica riversi. *Rivers Beech.* A medium-sized tree of pyramidal form, with bright purple foliage. Compact, symmetrical growth and a valuable lawn specimen.

Each		Each	
3 to 4 ft.....	\$6 00	6 to 7 ft.....	\$13 00
4 to 5 ft.....	8 00	8 to 10 ft.....	16 00
5 to 6 ft.....	10 00		

F. sylvatica. *European Beech.* A form of the above with bright green foliage.

Each		Each	
5 to 6 ft.....	\$5 00	7 to 8 ft.....	\$10 00
6 to 7 ft.....	7 00		

LARIX · The Larch

Larix europæa. *European Larch.* A tree full of character, rapid-growing, with fresh, light green foliage, but particularly charming in early spring.

Each		Each	
6 to 8 ft.....	\$4 00	10 to 12 ft.....	\$8 00
8 to 10 ft.....	6 00		

MAGNOLIA · The Magnolias

Magnolia soulangeana. *Saucer Magnolia.* A sturdy tree of moderate size, covered in April with large white flowers, tinged purple on the outside, before the leaves appear. A very handsome and ornamental flowering tree.

M. soulangeana alba superba. *Large Saucer Magnolia.* This is a small-tree type with pure white flowers borne in great profusion.

M. soulangeana alexandrina. *Alexander Magnolia.* Flowers similar to Soulangeana, but appearing about 10 days later.

Price of above three varieties: Each		Each	
2 to 3 ft.....	\$2 50	5 to 6 ft.....	\$9 00
3 to 4 ft.....	4 00	6 to 7 ft.....	12 00
4 to 5 ft.....	6 00	7 to 8 ft.....	15 00

M. soulangeana nigra. *Purple Saucer Magnolia.* A variety of Soulangeana with dark purple flowers. Blooms in late May, making it the latest blooming Magnolia.

Each		Each	
2 to 3 ft.....	\$3 50	4 to 5 ft.....	\$9 00
3 to 4 ft.....	5 00	5 to 6 ft.....	14 00

Deduct 10 per cent of unit price for 10 or more of one variety in one size

Magnolia stellata. *Star Magnolia.* This is a slow-growing variety and becomes widespreading in time. The pure white, star-like flowers open before the leaves, sometimes in March, and have a very delicate fragrance.

Each		Each	
2 to 2½ ft.	\$4 00	3½ to 4 ft.	\$13 00
2½ to 3 ft.	7 00	4 to 5 ft.	18 00
3 to 3½ ft.	10 00		

MALUS • The Flowering Crabs

Malus atrosanguinea. A very fine variety with brilliant carmine flowers.

M. eleyi. *Eley Crab.* This variety has purple foliage and bright purple flowers.

M. floribunda. *Purple Crab.* A gorgeous tree at all seasons of the year, with a profusion of single crimson flowers in early spring.

M. ioensis plena. *Beechtel Crab.* One of the most beautiful of the Flowering Crabs, producing large, double, fragrant pink flowers resembling miniature roses. Makes a compact, upright specimen.

M. scheideckeri. *Scheidecker Crab.* An early-flowering variety with double pink blooms in April. Yellow fruit. Very showy.

Price of above five varieties: Each		Each	
4 to 5 ft.	\$2 00	6 to 8 ft.	\$4 00
5 to 6 ft.	3 00		

MORUS • The Mulberry

Morus alba pendula. *Weeping Mulberry.* One of the best small weeping lawn trees, forming a perfect, umbrella-shaped head of light green foliage. Fruit reddish purple. Very thrifty and hardy.

Each	
4 to 6-ft. stem, 3 and 4-yr. head	\$3 00
4 to 6-ft. stem, 5 and 6-yr. head	5 00

NYSSA

Nyssa sylvatica. *Sour-Gum; Pepperidge Tree.* A very fine ornamental tree with good foliage which has brilliant autumnal tints. Will grow in wet places.

Each		Each	
4 to 5 ft.	\$2 50	6 to 8 ft.	\$6 00
5 to 6 ft.	4 00		

PLATANUS

Platanus orientalis. *Oriental Plane Tree; Sycamore.* An excellent street tree with broad, round head on a comparatively short trunk. A rapid grower, strong and symmetrical; best planted in spring.

Each	
10 to 12 ft., 1¼ to 1½-in. cal.	\$2 00
10 to 14 ft., 1½ to 1¾-in. cal.	3 00
10 to 14 ft., 1¾ to 2-in. cal.	4 00
10 to 14 ft., 2 to 2½-in. cal.	5 00
12 to 14 ft., 2½ to 3-in. cal.	7 00
12 to 14 ft., 3 to 3½-in. cal.	10 00
12 to 14 ft., 3½ to 4-in. cal.	13 00
12 to 14 ft., 4 to 5-in. cal.	18 00

POPULUS

Populus nigra italica. *Lombardy Poplar.* An upright, extremely rapid-growing tree, tall, slender, pencil-shaped. Excellent for either landscape accent or screen purposes. The leaves are pale green, lighter beneath.

Each		Each	
8 to 10 ft.	\$1 25	10 to 12 ft.	\$2 00

PRUNUS

The Flowering Plums and Cherries

Prunus cerasifera pissardi blireana. *Purple-tinted Plum.* Purple-tinted foliage with apple-blossom-pink flowers in spring.

Each		Each	
6 to 8 ft.	\$6 00	8 to 10 ft.	\$8 00

P. cerasifera pissardi, Newport. *Improved Purple-leaf Plum.* A handsome small tree with deeper color than the original Purple-leaf Plum. The foliage retains its rich color all season. Very showy pink flowers in spring.

Each		Each	
4 to 5 ft.	\$2 50	6 to 8 ft.	\$5 00
5 to 6 ft.	3 50		

Japanese Flowering Cherry

These are the famous Flowering Cherries of Japan, famous here because of the wonderful collection which attracts so many visitors to Potomac Park, Washington, D. C. The trees are covered with a profusion of beautiful red, pink, or rose blossoms. They flower early and make wonderful specimens.

Prunus serrulata. White and pink; double.

P., Hisakura. Double; pale pink.

P., Ko-Fugen. Double; shell-pink. Long blooming.

P., Kwanzan. Reddish pink.

P. veitchi. Double; rose.

Each		Each	
4 to 5 ft.	\$2 00	8 to 10 ft.	\$8 00
5 to 6 ft.	3 00	10 to 12 ft.	12 00
6 to 8 ft.	5 00	12 to 14 ft.	16 00

P. sieboldi pendula. *Japanese Weeping Pink-flowering Cherry.* Splendid as a lawn specimen.

Each	
5 to 6-ft. stems, 3-yr. heads	\$4 00
5 to 6-ft. stems, 4-yr. heads	7 00
5 to 6-ft. stems, 5-yr. heads	12 00

P. subhirtella. *Japanese Weeping Double Pink-flowering Cherry.* Brilliant display of double pink blooms.

Each	
5 to 6-ft. stems, 2-yr. heads	\$4 00
5 to 6-ft. stems, 3-yr. heads	5 00

Pin Oak. See page 16

Magnolia stellata (Star Magnolia). A beautiful white form with fragrant flowers. See page 15

QUERCUS • The Oaks

Quercus palustris. *Pin Oak.* A very beautiful and outstanding tree, with graceful, drooping branches. Bright green foliage with sharp points which turns deep red in fall.

Each	
8 to 10 ft., 2 to 2½-in. cal.	\$9 00
8 to 10 ft., 2½ to 3 -in. cal.	12 50

Q. rubra. *American Red Oak.* A handsome tree with stately aspect. Ideal for lawn or street planting. Foliage turns red in autumn.

Each	
8 to 10 ft., 1¼ to 1½-in. cal.	\$6 00
8 to 10 ft., 1½ to 1¾-in. cal.	8 00
8 to 10 ft., 1¾ to 2 -in. cal.	10 00

ROBINIA

Robinia hispida pendula. *Weeping Moss Locust.* An unusually attractive weeping tree with pale purple flowers in May and June. Excellent for a lawn tree.

Each	Each
4-yr. head.....\$5 00	5-yr. head.....\$8 00

SALIX • The Willows

Salix babylonica. *Babylon Weeping Willow.* Probably the best-known Willow. It has very drooping, long, slender branches of olive-green, and will grow in any good soil, but prefers moist situations.

S. blanda. *Wisconsin Weeping Willow.* A very hardy variety of Weeping Willow with long, drooping branches.

Price of above two varieties:	Each	Each
6 to 8 ft.....\$1 75	10 to 12 ft.....\$4 50	
8 to 10 ft.....3 00		

S. vitellina britzensis. *Bronze Golden Willow.* A bushy, small tree with very attractive golden bark in winter.

Each	Each
10 to 12 ft.....\$2 50	14 to 16 ft.....\$4 50
12 to 14 ft.....3 50	

SORBUS • The Mountain-Ash

Sorbus aucuparia. *European Mountain-Ash.* A well-shaped tree, valuable for the small lawn. The great clusters of scarlet berries, produced in abundance from July to winter, make it very attractive.

Each	
8 to 10 ft., 1½ to 2-in. cal.	\$3 00
10 to 12 ft., 2 to 2½-in. cal.	5 00
10 to 12 ft., 2½ to 3-in. cal.	7 00
10 to 12 ft., 3 to 3½-in. cal.	10 00
Weeping Form, 5- and 6-yr.	9 00

TILIA • The Lindens

Tilia americana. *American Linden.* This rapid-growing tree, which has broad leaves, forms a shapely specimen. Very attractive and makes an excellent shade tree as well.

Each	
8 to 10 ft., 1½ to 2-in. cal.	\$3 00
10 to 12 ft., 2 to 2½-in. cal.	5 00
10 to 12 ft., 2½ to 3-in. cal.	7 00
12 to 14 ft., 3 to 4-in. cal.	10 00
12 to 14 ft., 4 to 5-in. cal.	15 00

Tilia vulgaris. *European Linden.* A fine, large pyramidal tree with good foliage and fragrant seed-blossoms in spring. 6 to 8 ft., 1¾ to 2-in. cal., \$7 each; 8 to 10 ft., 2 to 2½-in. cal., \$9 each.

ULMUS

The Elms

Ulmus americana. *American Elm.* The most beautiful of the Elms, stately and dignified. Of spreading habit, with drooping branches. A fine tree for either street or lawn, but requires plenty of growing space.

Price of Ulmus americana.	Each
10 to 12 ft., 2 to 2½-in. cal.	\$4 00
12 to 14 ft., 2½ to 3-in. cal.	6 50
14 to 16 ft., 3 to 3½-in. cal.	9 00
14 to 16 ft., 3½ to 4-in. cal.	13 00
14 to 16 ft., 4 to 5-in. cal.	18 00

U. moline. *Moline Elm.* New variety of very strong growth and large, attractive foliage. Vase shaped. An unusually desirable tree.

Each	
10 to 12 ft., 1½ to 1¾-in. cal.	\$4 00
10 to 12 ft., 1¾ to 2 -in. cal.	5 00
12 to 14 ft., 2 to 2½-in. cal.	6 00
12 to 14 ft., 2½ to 3 -in. cal.	8 00
12 to 14 ft., 3 to 3½-in. cal.	10 00

U. pumila. *Chinese Elm.* (New.) A very hardy variety, drought-resisting, with beautiful shiny dark green foliage. Very graceful tree and an extremely rapid grower. Will grow almost anywhere.

Each	
10 to 12 ft., 1¾ to 2 -in. cal.	\$3 00
10 to 12 ft., 2 to 2½-in. cal.	4 00
12 to 14 ft., 2½ to 3 -in. cal.	6 00
12 to 14 ft., 3 to 4 -in. cal.	9 00
14 to 16 ft., 4 to 5 -in. cal.	14 00

Flowering Crab. See page 15

FLOWERING SHRUBS

WHETHER planted individually or collectively, shrubs are an important feature in the adornment of any grounds. In groups they can be made to emphasize some feature of the lawn, to screen the garage, the laundry-yard, or some unsightly view. Among borders of the lawn, along walks and drives and in corners, collections of shrubs may be gathered that will give a succession of bloom from early spring until fall. In the list that follows will be found shrubs for all such purposes.

AMELANCHIER

Amelanchier canadensis. *Downy Shadblow.* White flowers in early spring before the leaves, and in June sweet berries very much relished by birds. Each
 1½ to 2 ft.....\$0 50 | 2 to 3 ft.....\$0 75

AMYGDALUS

Amygdalus communis. *Double Pink-flowering Almond.* Produces very double, pink flowers in great abundance in May. A most charming early-flowering shrub.
A. communis alba. *Double-flowering Almond.* Same as above, with white flowers.

Price of above two varieties: Each
 2 to 3 ft.....\$1 00 | 3 to 4 ft.....\$1 25

ARONIA

Aronia arbutifolia. *Red Chokeberry.* A dense shrub with clusters of white flowers in May followed by red berries persisting until late fall. Brilliant foliage tints in autumn.
 Each
 2 to 3 ft.....\$0 65 | 3 to 4 ft.....\$0 85

Azalea kaempferi

AZALEAS

Azalea calendulacea. *Flame Azalea.* A brilliant flowering shrub, with great clusters of yellow and orange-red flowers produced in May and June before the leaves appear. Vigorous grower and remarkably showy. Prefers moisture and leafy soil full of humus. Each
 1½ to 2 ft.....\$2 00 | 3 to 4 ft.....\$4 00
 2 to 3 ft.....3 00 | 4 to 5 ft.....5 00

A. kaempferi. *Torch Azalea.* A handsome, tall-growing variety, with blossoms that vary from bright red to salmon-pink in May. Exceptionally desirable and one of the showiest shrubs in cultivation. Each
 12 to 15 in.....\$1 50 | 2 to 2½ ft.....\$3 50
 15 to 18 in.....2 00 | 2½ to 3 ft.....4 50
 1½ to 2 ft.....2 50 | 3 to 4 ft.....6 50
 4 to 5 ft.....8 00

A. mollis. *Chinese Azalea.* Of dwarf, bushy habit, with large, showy clusters of flowers in shades of lemon, orange, and red appearing in May and June. Hardy. Excellent in mass plantings and make charming individual specimens in large rock-gardens. Each
 12 to 15 in.....\$2 00 | 2 to 2½ ft.....\$5 00
 15 to 18 in.....2 50 | 2½ to 3 ft.....7 00
 1½ to 2 ft.....3 50

A. mucronulatum. *Mongolian Azalea.* A rare variety of Chinese Azalea with pinkish lavender flowers. Blooms with forsythia. Can be used in shrub border. A very beautiful Azalea. Each
 15 to 18 in.....\$2 50 | 2 to 2½ ft.....\$4 50
 1½ to 2 ft.....3 50

A. viscosa. *Swamp Azalea.* Vigorous shrub, with an abundance of fragrant, white flowers in June. While it is partial to moist places, it will do equally well in the shrub border and in partial shade. Each
 2 to 3 ft.....\$2 00 | 5 to 6 ft.....\$5 00
 3 to 4 ft.....3 00 | 6 to 7 ft.....6 00
 4 to 5 ft.....4 00 | 7 to 8 ft.....7 00

Deduct 10 per cent of unit price for 10 or more of one variety in one size

BERBERIS • Barberry

Berberis thunbergii. *Japanese Barberry.* The well-known hedge-plant, with rich green foliage in summer and in the autumn very brilliantly colored, with scarlet berries. Useful also for mass planting.

	Each	10	100
12 to 15 in.....	\$0 15	\$1 25	\$10 00
15 to 18 in.....	20	1 50	12 50
1½ to 2 ft.....	25	2 00	15 00
2 to 2½ ft.....	30	2 50	20 00
2½ to 3 ft.....	40	3 50	30 00
3 to 4 ft.....	85	7 00	60 00
4 to 5 ft.....	1 25	10 00	
5 to 6 ft.....	2 00	15 00	

B. thunbergii atropurpurea. *New Red-leaved Japanese Barberry.* Foliage of rich, bronzy red all summer, changing to a vivid orange in the fall. Beyond ordinary soil and unobstructed sun, no special care is necessary. Adds a cheerful note to any planting.

	Each	Each
15 to 18 in.....	\$0 35	2½ to 3 ft..... \$1 00
1½ to 2 ft.....	50	3 to 4 ft..... 1 50
2 to 2½ ft.....	75	4 to 5 ft..... 2 00

B. thunbergii minor. *Box Barberry.* A very compact form of Japanese Barberry. Excellent for formal dwarf hedge.

	10	100
6 to 12 in.....	\$2 00	\$17 00
12 to 15 in.....	3 50	30 00

BUDDLEIA

Buddleia alternifolia. *Chinese Butterfly Bush.* (New.) Splendid, new variety with arching branches covered with beautiful lilac-purple flowers in clusters from July to October.

	Each
4 to 5 ft.....	\$1 25
5 to 6 ft.....	1 75
6 to 8 ft.....	2 50

Buddleia, Ile de France. (New.) Greatly superior to old varieties. Huge spikes of brilliant, fragrant rosy violet-purple flowers. A very beautiful and pleasing shrub.

	Each	Each
1-yr.....	\$0 75	2-yr..... \$1 00

B. davidi veitchiana. *Butterfly Bush.* An attractive, quick-growing shrub with grayish green foliage, which produces an abundance of fragrant, deep lilac flowers borne in large clusters. Hardy.

	Each	Each
2-yr.....	\$0 50	4-yr..... \$1 00
3-yr.....	75	5-yr..... 1 50

CALLICARPA

Callicarpa purpurea. *Chinese Beautyberry.* Clusters of lilac-violet berries cover this plant in the fall, and it makes an unusually attractive effect in the garden.

	Each	Each
2 to 3 ft.....	\$0 50	3 to 4 ft..... \$0 75

CALYCANTHUS

Calycanthus floridus. *Sweet-Shrub.* Old-fashioned shrub with chocolate-colored blossoms. The leaves, when crushed, have fragrance.

	Each	Each
2 to 3 ft.....	\$0 50	3 to 4 ft..... \$0 75

CARAGANA

Caragana arborescens. *Siberian Pea-tree.* A tall-growing shrub with bright yellow flowers in June.

	Each	Each
2 to 3 ft.....	\$0 50	3 to 4 ft..... \$0 60

CLETHRA

Clethra alnifolia. *Summersweet.* A slow-growing shrub with spikes of white, fragrant flowers from July to September. Valuable for moist, shady places.

	Each	Each
3 to 4 ft.....	\$0 75	4 to 5 ft..... \$1 00

Deduct 10 per cent of unit price for 10 or more of one variety in one size

CORNUS

Cornus sanguinea. *Blood-twigg Dogwood.* This variety has purplish red branches and greenish white flowers, followed by black fruit. In contrast with other shrubs it produces pleasing effects.

Each	Each
2 to 3 ft.....\$0 40	5 to 6 ft.....\$1 00
3 to 4 ft.....50	6 to 7 ft.....1 25
4 to 5 ft.....75	

C. stolonifera flaviramea. *Golden-twigg Dogwood.* The branches are yellow, making a marked contrast with the red-barked sort mentioned above. Very attractive in winter.

Each	Each
2 to 3 ft.....\$0 50	4 to 5 ft.....\$1 00
3 to 4 ft.....75	

COTONEASTER

Cotoneaster horizontalis. *Rock Cotoneaster.* This shrub has small, box-like leaves and brilliant red berries. The horizontal, prostrate branches form flat sprays with branchlets arranged in fishbone fashion. Ideal for the rock-garden or border.

Each	Each
1 to 1½ ft.....\$1 00	3 to 4 ft.....\$3 50
1½ to 2 ft.....1 50	4 to 5 ft.....4 50
2 to 3 ft.....2 50	

C. divaricata. *Spreading Cotoneaster.* An attractive, spreading shrub with glossy dark green leaves and bright red berries in fall.

C. zabeli. *Zabel's Cotoneaster.* An attractive shrub growing to a medium height. Graceful branches and red berries in autumn.

Each	Each
Price of above two varieties:	
2 to 3 ft.....\$1 50	4 to 5 ft.....\$3 50
3 to 4 ft.....2 50	

CYDONIA

Cydonia japonica rubra grandiflora. *Japanese Quince.* One of the most attractive spring-blooming shrubs. Large, deep crimson and orange-red blossoms, produced in great masses as the leaves come out. Glossy foliage.

Each	Each
1 to 1½ ft.....\$0 35	2 to 2½ ft.....\$0 65
1½ to 2 ft.....50	2½ to 3 ft.....90
	3 to 4 ft.....1 25

DAPHNE

Daphne mezereum. *Flowering Daphne.* An interesting shrub with lilac-purple, fragrant flowers in early spring.

Each	Each
15 to 18 in.....\$1 00	1½ to 2 ft.....\$1 50

DEUTZIA

Deutzia gracilis. *Slender Deutzia.* A profusion of small white flowers completely cover this dwarf shrub, especially valuable for border or foundation planting.

D. gracilis rosea. *Slender Rose Deutzia.* A form of the above with pink flowers.

Each	Each
Price of above two varieties:	
12 to 15 in.....\$0 40	1½ to 2 ft.....\$0 75
15 to 18 in.....50	2 to 2½ ft.....1 00

D. scabra crenata flore-pleno. *Double Rose Deutzia.* A hardy, vigorous shrub, literally covered with spikes of showy pink, slightly fragrant flowers in June.

D. scabra, Pride of Rochester. Tall, vigorous grower, similar to above; white flowers tinged with pink in June.

Each	Each
Price of above two varieties:	
2 to 3 ft.....\$0 40	5 to 6 ft.....\$1 00
3 to 4 ft.....50	6 to 7 ft.....1 25
4 to 5 ft.....75	

ELÆAGNUS

Elæagnus angustifolia. *Russian Olive.* A tall, vigorous-growing shrub with silvery gray leaves and orange berries. Excellent for seashore planting.

Each	Each
2 to 3 ft.....\$0 40	3 to 4 ft.....\$0 60

ENKIANTHUS

Enkianthus campanulatus. *Redvein Enkianthus.* A plant resembling azalea in growth, with pink, bell-shaped flowers like andromeda in May, and beautiful foliage tints in fall.

Each	Each
2½ to 3 ft.....\$2 50	3 to 4 ft.....\$4 00

EUONYMUS

Euonymus alatus. *Winged Euonymus.* An unusual shrub of dwarf, compact habit, with yellowish flowers, followed by red berries in autumn. The foliage is a brilliant red in the fall. Branches are winged, with a peculiar corky bark.

E. yedoensis. *Yeddo Euonymus.* Large shrub producing a profusion of colorful pink and orange berries. Leaves bright red in the fall. The showiest of all the bush Euonymus.

Each	Each
Price of above two varieties:	
1½ to 2 ft.....\$0 60	3 to 4 ft.....\$1 50
2 to 3 ft.....1 00	4 to 5-ft. specimens... 3 00
	5 to 6-ft. specimens... 4 50

FORSYTHIA

Forsythia intermedia. *Border Golden Bell.* An upright-growing shrub and a profuse bloomer. In April, before any leaves appear, the stems are simply smothered in a mass of golden yellow flowers. The shrub, when full grown, has slightly curved, graceful branches.

F. suspensa fortunei. *Fortune Golden Bell.* The arching branches of this upright-growing shrub are covered with a profusion of rich yellow flowers and later on by broad, deep green foliage.

F. viridissima. *Green-stem Golden Bell.* More bushy in habit than the other varieties. Rich green foliage. Not quite as profuse in blooming as the other sorts and a little later. Useful for prolonging the Forsythia season.

Each	Each
Price of above three varieties:	
2 to 3 ft.....\$0 40	4 to 5 ft.....\$0 75
3 to 4 ft.....50	5 to 6 ft.....1 25

F. spectabilis. *Showy Border Golden Bell.* Most profuse blooming of all the Forsythias. Flowers are large and rich golden yellow.

F. suspensa. *Weeping Forsythia.* A weeping form with slender, pendulous branches and masses of golden yellow blooms.

Each	Each
Price of above two varieties:	
2 to 3 ft.....\$0 50	5 to 6 ft.....\$1 50
3 to 4 ft.....75	6 to 7 ft.....2 00
4 to 5 ft.....1 00	

Cotoneaster horizontalis

A beautiful outdoor living-room effect made possible by proper use of trees and shrubs

HAMAMELIS

Hamamelis virginiana. *Witchbazel.* The latest shrub to bloom. After foliage has fallen, bright yellow flowers appear in November in great profusion.

	Each	Each
2 to 3 ft.....	\$0 60	3 to 4 ft.....\$1 00

HIBISCUS

Hibiscus syriacus. *Rose of Sharon.* Tall-growing shrubs producing in profusion large, handsome, double flowers in shades of pink, white, violet, and red in late summer.

NAMED VARIETIES

- Boule de Feu.** Double; red.
- Celestis.** Single; sky-blue.
- Jeanne d'Arc.** Double; white.
- Pæoniaflora.** Double; pinkish white.

Price of above four varieties: Each		Each
2 to 3 ft.....	\$0 50	4 to 5 ft.....\$1 00
3 to 4 ft.....	75	5 to 6 ft.....1 50

HYDRANGEA

Hydrangea arborescens grandiflora. *Hills of Snow.* The large clusters of pure snow-white flowers average 4 to 5 inches in diameter and appear in July and August. Suitable for either sunny or shady positions.

	Each	Each
2 to 3 ft.....	\$0 50	3 to 4 ft.....\$0 75

H. paniculata grandiflora. *Peegee Hydrangea.* An extremely well-known variety, bearing large, conical-shaped trusses of white blooms in late summer and early fall, changing to pink and red as the season advances.

	Each	Each
1 to 2 ft.....	\$0 30	4 to 5 ft.....\$1 00
2 to 3 ft.....	50	5 to 6 ft.....1 25
3 to 4 ft.....	75	4 to 5 ft., tree form....1 50

ILEX

Ilex verticillata. *Winterberry.* An attractive, upright shrub with bright red berries persisting to midwinter. Berries are particularly appropriate for the Christmas season.

	Each	Each
2 to 3 ft.....	\$0 75	3 to 4 ft.....\$1 00

Tatarian Honeysuckle. See page 21

Snowberry. See page 22

Coral Berry. See page 22

KERRIA

Kerria japonica flore-pleno. *Double Japanese Kerria.* Of erect habit, slender, green-branched. The long, clean stems bear very double flowers which have the appearance of little balls of gold. A constant bloomer from June to September.

Each	Each
1½ to 2 ft.....\$0 60	3 to 4 ft.....\$1 50
2 to 3 ft.....1 00	

KOLKWITZIA

Kolkwitzia amabilis. *Beauty Bush.* (New.) A handsome, new shrub from China. Makes long, graceful sprays of foliage and is completely covered with delicate pink flowers in June. Becoming most popular.

Each	Each
3 to 4 ft.....\$0 85	6 to 7 ft.....\$2 25
4 to 5 ft.....1 25	7 to 8 ft.....3 00
5 to 6 ft.....1 75	

LONICERA • The Bush Honeysuckle

Lonicera fragrantissima. *Winter Honeysuckle.* A beautiful, semi-evergreen shrub, with fragrant flowers in April and May. It is a strong-growing shrub and reaches a height of about 8 feet.

L. morrowi. *Morrow Honeysuckle.* Yellowish white flowers in May and June, followed by bright red berries in summer. Good foliage.

Price of above two varieties: Each	Each
2 to 3 ft.....\$0 40	4 to 5 ft.....\$0 75
3 to 4 ft.....50	

L. tatarica grandiflora. *Bride Honeysuckle.* Flowers in a range of pink shades from light to dark. Red berries.

Each	Each
2 to 3 ft.....\$0 40	5 to 6 ft.....\$1 00
3 to 4 ft.....50	6 to 7 ft.....1 25
4 to 5 ft.....75	7 to 8 ft.....1 75

L. tatarica rosea. *Rosy Tatarian Honeysuckle.* A profusion of bright rose-pink flowers in June, with orange-scarlet berries in late summer and fall.

Each	Each
2 to 3 ft.....\$0 50	3 to 4 ft.....\$0 75

LIGUSTRUM • The Privets

Ligustrum ovalifolium. *California Privet.* The most popular hedge-plant. Lends itself well to shearing and does exceptionally well on Long Island.

	10	100
1½ to 2 ft.....	\$0 60	\$5 00
2 to 3 ft., 2 yrs.....	1 00	7 00
2 to 3 ft., 3 yrs., heavy	1 50	10 00
3 to 4 ft., 3 yrs., heavy.....	2 00	15 00

Globe Form. (Sheared.) Trained in globe shape; transplants easily.

Each	Each
3 to 4 ft.....\$3 00	4 to 5 ft.....\$4 00

Pyramidal Form. (Sheared.)

Each	Each
4 to 5 ft.....\$4 00	5 to 6 ft.....\$5 00

L. ovalifolium aureum. *Golden Privet.* Golden-leaved form of the above variety.

Each	Each
1½ to 2 ft.....\$0 30	2 to 3 ft.....\$0 50

The beauty of Hybrid Lilacs in mass plantings. See page 23

LESPEDeza

Lespedeza formosa. *Purple Bush Clover.* Producing long, drooping racemes of pea-shaped rosy purple flowers in September when showy flowering shrubs are extremely scarce, this shrub is deservedly desirable.

	Each	Each
2-yr.....	\$0 75	3-yr.....\$1 00

MYRICA • Bayberry

Myrica carolinensis. *Northern Bayberry.* A low, spreading shrub with fragrant foliage and gray waxy berries. Thrives in sandy soils and along the seashore.

	Each	Each
1½ to 2 ft.....	\$0 60	2½ to 3 ft.....\$1 00
2 to 2½ ft.....	75	3 to 4 ft.....1 25

PHILADELPHUS • Mock Orange

Philadelphus, Avalanche. *Mock Orange.* Very handsome shrub, with slender, drooping branches, covered almost the entire length with showy white, fragrant flowers in June.

P. grandiflorus. *Big Scentless Mock Orange.* This vigorous variety grows very rapidly, bearing large, white, showy flowers in June.

	Each	Each
2 to 3 ft.....	\$0 40	5 to 6 ft.....\$1 00
3 to 4 ft.....	50	6 to 7 ft.....1 50
4 to 5 ft.....	75	7 to 8 ft.....2 00

P., Virginal. *Virginal Mock Orange.* A handsome, erect shrub, blooming nearly all summer; large double white flowers; very fragrant.

	Each	Each
2 to 3 ft.....	\$0 50	4 to 5 ft.....\$1 00
3 to 4 ft.....	75	5 to 6 ft.....1 25

PHYSOCARPUS

Physocarpus opulifolius (*Spiraea opulifolia*). *Ninebark.* A strong-growing shrub and a splendid plant for shady places. White flowers are produced along the stems, from which the bark hangs in long shreds and stripes.

	Each	Each
3 to 4 ft.....	\$0 50	6 to 7 ft.....\$1 25
4 to 5 ft.....	75	7 to 8 ft.....1 75
5 to 6 ft.....	1 00	8 to 10 ft.....2 50

PRUNUS

Prunus maritima. *Beach Plum.* A native shrub with white flowers and purple, edible fruit. Splendid for sandy soil or near seashore.

	Each	Each
2 to 3 ft.....	\$0 60	3 to 4 ft.....\$1 00

P. triloba. *Flowering Plum.* In April and May the stems are completely covered with very attractive double pink flowers. Similar to the flowering almond.

	Each	Each
2 to 3 ft.....	\$1 00	3 to 4 ft.....\$1 25

PHOTINIA

Photinia villosa. *Chinese Christmas Berry.* A beautiful shrub with a profusion of white flowers in May and red berries in clusters in autumn and winter. Rich foliage color in fall.

	Each	Each
3 to 4 ft.....	\$1 00	4 to 5 ft.....\$1 25

RHODOTYPOS

Rhodotypos kerrioides. *Jetbead.* A bushy shrub with fresh green foliage and white flowers in May and June, followed by jet-black berries all winter. Will grow in shade.

	Each	Each
1½ to 2 ft.....	\$0 35	2 to 3 ft.....\$0 50

ROSA RUGOSA. See Roses, page 25

SAMBUCUS

Sambucus canadensis aurea. *Golden American Elder.* A very hardy native shrub with bright yellow foliage and flat heads of creamy white flowers followed by dark red berries very much in demand for pies and other uses.

	Each	Each
2 to 3 ft.....	\$0 40	4 to 5 ft.....\$0 75
3 to 4 ft.....	50	5 to 6 ft.....1 00

SYMPHORICARPOS

Symphoricarpos racemosus. *Snowberry.* A fine, bushy shrub with very decorative leaves, flourishing in partial shade. White, waxy berries in abundance are produced in the fall.

S. vulgaris. *Coral Berry.* Of more compact growth than the above variety. Clusters of red berries through the winter. Excellent for massing on hillsides or in partial shade. Also fine for hedges.

	Each	Each
1½ to 2 ft.....	\$0 25	3 to 4 ft.....\$0 60
2 to 3 ft.....	40	4 to 5 ft.....75

SYRINGA • The Lilacs

Syringa chinensis. *Chinese Lilac.* An interesting variety with purple-lilac flowers in broad panicles in May.

S. josikaea. *Hungarian Lilac.* Violet flowers in June. Dark green, glossy foliage.

S. persica. *Persian Lilac.* A graceful shrub with slender branches. Free blooming, producing single, lavender flowers in broad panicles in May and June.

S. villosa. *Late Lilac.* The last Lilac to bloom. Fragrant pink flowers and bright green foliage.

	Each	Each
2 to 3 ft.....	\$0 50	4 to 5 ft.....\$1 00
3 to 4 ft.....	75	

S. vulgaris. *Common Lilac.* A strong, vigorous, upright shrub with rich dark green foliage and large clusters of fragrant purple flowers in May. Most desirable for a flowering hedge or large masses.

	Each	Each
1½ to 2 ft.....	\$0 25	4 to 5 ft.....\$0 75
2 to 3 ft.....	40	5 to 6 ft.....1 50
3 to 4 ft.....	50	6 to 7 ft.....2 00

S. vulgaris alba. *Common White Lilac.* White flowers a week earlier than those of any other variety. Desirable also for a flowering hedge or a bold clump.

	Each	Each
4 to 5 ft.....	\$1 00	6 to 7 ft.....\$3 50
5 to 6 ft.....	2 00	7 to 8 ft.....5 00

HYBRID LILACS

Much larger flowers than the Common Lilac, in wide range of colors.

Named Varieties.

Charles X. Reddish purple; single.

Hugo Koster. Single; purplish lilac.

Jan van Tol. Single; large; pure white.

Jean Bart. Double; reddish purple.

Jean Mace. Double; bluish mauve.

Leon Gambetta. Double; lilac-rose. Early.

Michel Buchner. Double; pale lilac.

Mme. Lemoine. Double; white.

Mrs. Edward Harding. Large; double; red.

	Each	Each
1½ to 2 ft.....	\$0 75	3 to 4 ft.....\$1 50
2 to 3 ft.....	1 00	4 to 5 ft.....2 50

Standard Form.

Hugo Koster. Single; purplish lilac.

Jan van Tol. Very large; double; white.

Souv. de Louis Spaeth. Single; dark purple.

	Each	Each
3 to 4 ft.....	\$2 00	5 to 6 ft.....\$4 00
4 to 5 ft.....	3 00	

Deduct 10 per cent of unit price for 10 or more of one variety in one size

SPIRÆA

Spiræa bumalda, Anthony Waterer. *Crimson Spirea.* A free-blooming, compact shrub, with deep pink flowers in broad, flat heads in July and August. Dwarf in habit and makes a desirable low hedge.

Each	Each
1 to 1½ ft. \$0 35	1½ to 2 ft. \$0 50

S. thunbergi. *Thunberg Spirea.* Attaining a height of not over 5 feet, this shrub is of particularly graceful habit. Bears an abundance of small white flowers in April and May, and in autumn the long, narrow foliage turns to orange and scarlet.

Each	Each
1½ to 2 ft. \$0 35	3 to 4 ft. \$0 75
2 to 3 ft. 50	4 to 5 ft. 1 25

S. trichocarpa. *Korean Spirea.* (New.) A spreading, arching shrub bearing clusters of snowy flowers, resembling the *Vanhouttei*, but larger and broader, and blooming later. A new variety recently introduced from Korea.

Each	Each
2 to 3 ft. \$0 50	4 to 5 ft. \$1 00
3 to 4 ft. 75	5 to 6 ft. 1 50

S. vanhouttei. *Bridal Wreath.* In May the gracefully arching branches are covered with masses of beautiful, small, white flowers. Desirable also for its handsome bluish green foliage when out of flower.

Each	Each
2 to 3 ft. \$0 40	4 to 5 ft. \$0 75
3 to 4 ft. 50	5 to 6 ft. 1 00

STEPHANANDRA

Stephanandra flexuosa. *Cutleaf Stephanandra.* Drooping branches covered with deeply cut light green foliage. White flowers. A very graceful shrub.

Each	Each
1½ to 2 ft. \$0 35	2 to 3 ft. \$0 50

TAMARIX

Tamarix africana. *African Tamarix.* An ornamental shrub of graceful appearance. Panicles of pink flowers in April and May and striking feathery foliage.

Each	Each
2 to 3 ft. \$0 35	4 to 5 ft. \$0 75
3 to 4 ft. 50	

VITEX

Vitex macrophylla. *Chaste-tree.* An attractive shrub with lavender-blue flowers from July to frost.

Each	Each
1-yr. plants. \$0 50	2-yr. plants. \$0 75

VACCINIUM

Vaccinium corymbosum. *Highbush Blueberry.* A native species with edible blue-black berries. Interesting autumn effect and red twigs in winter.

Each	Each
2 to 3 ft. \$1 00	4 to 5 ft. \$1 75
3 to 4 ft. 1 50	5 to 6 ft. 2 50

VIBURNUM · The Snowballs

Viburnum carlesi. *Fragrant Viburnum.* A very desirable new shrub of compact, semi-dwarf habit, bearing delightfully fragrant clusters of blush-pink, waxy flowers in May.

Each	Each
15 to 18 in. \$0 75	2½ to 3 ft. \$3 00
1½ to 2 ft. 1 25	3 to 4 ft. 4 00
2 to 2½ ft. 2 00	

V. dilatatum. *Japanese Bush Cranberry.* A rare Japanese species with cream-colored flowers in June, followed by scarlet berries in autumn and through the winter.

Each	Each
1½ to 2 ft. \$0 60	3 to 4 ft. \$1 25
2 to 3 ft. 85	

V. americanum. *American Cranberry Bush.* A native shrub with very attractive scarlet berries persisting through the winter.

V. dentatum. *Arrow-wood.* Large shrub with white flower clusters in May and attractive blue berries in fall.

V. lantana. *Wayfaring Tree.* Of robust growth, with large foliage that is silvery underneath. White flowers in May and June, followed by red fruit which turns black in autumn. Does well in shade.

V. opulus. *European Cranberry Bush.* One of the best shrubs for general planting. Panicles of white flowers in May and June, followed by large, cranberry-like fruit. Fine for winter color and for attracting birds. Does well in shade.

Price of above four varieties: Each	Each
2 to 3 ft. \$0 50	4 to 5 ft. \$1 00
3 to 4 ft. 75	5 to 6 ft. 1 50

V. tomentosum plicatum. *Japanese Snowball.* A very handsome shrub with showy white flowers in June and beautiful dark green foliage. Blooms a little later than the Common Snowball.

Each	Each
1½ to 2 ft. \$0 50	2 to 3 ft. \$0 60

WEIGELA

Weigela, Eva Rathke. *Red-flowering Weigela.* Dwarf in habit, with dark crimson flowers. A most profuse bloomer, and possibly the most showy of all the Weigelas.

Each	Each
1½ to 2 ft. \$0 45	3 to 4 ft. \$0 75
2 to 3 ft. 60	4 to 5 ft. 1 00

W. floribunda. *Crimson Weigela.* A well-known and popular leafy shrub with an abundance of tubular, brilliant crimson flowers.

W. rosea. *Pink Weigela.* A vigorous grower and very free flowering. Large, deep rose blooms in May.

Price of above two varieties: Each	Each
4 to 5 ft. \$0 75	
2 to 3 ft. \$0 40	5 to 6 ft. 1 00
3 to 4 ft. 60	6 to 7 ft. 1 50

W. hybrida nana variegata. *Dwarf Variegated Weigela.* Another dwarf variety of compact growth. Variegated leaves and light pink blooms.

Each	Each
2 to 3 ft. \$0 60	4 to 5 ft. \$1 25
3 to 4 ft. 75	5 to 6 ft. 1 75

Duchess of Wellington. Saffron-yellow, stained crimson.

Etoile de Hollande. Bright dark red. One of the finest.

Joanna Hill. Indian-yellow center, gold-buff petals. Choice.

Jonkheer J. L. Mock. Imperial pink.

HARDY ROSES

R OSES—the mere name is an inspiration to garden lovers. Nothing can take the place of the Rose. Almost every home has room for at least a few. Roses will grow in any fertile soil, but are much improved in bloom, fragrance, and beauty by rich soil, liberal fertilizing, and good cultivation. Branches should be well cut back early each spring.

All Roses, except field-grown Hybrid Teas and Hybrid Perpetuals, carry our regular guarantee

COPYRIGHT 1934

Princess van Orange (New Climbing Rose)

***PRINCESS VAN ORANGE.** New, sensational climbing sport of Gloria Mundi. Plant Patent No. 100. Strong growth and rich green foliage. Masses of reddish orange Roses in great clusters. \$2 each.

HARDY PERENNIALS

IT is no wonder that these old-fashioned hardy garden flowers continue to increase in popularity, for there is not a time during the whole flowering season when some hardy perennial is not in bloom, and when, during the late summer, few shrubs are in blossom, these little plants may be depended on for attractive display.

Plant perennials this year in the flower-bed where you have been using annuals. Every year you have to replace annuals, whereas the perennials come up each season with very little work or expense.

You do not need a large estate to have an old-fashioned garden or border from which you can pick flowers from early spring until late fall. Let us help plan your garden.

The size mentioned in the description indicates the height the plants may be expected to attain at maturity; the month represents the season of bloom.

Perennials marked (†) are suitable for rock-gardens

Prices for Perennial Plants, except where otherwise noted: 25 cts. each, \$2 for 10, \$18 for 100 plants; large clumps, 35 to 50 cts.

ALTHAEA. *Hollyhock.* 5 to 8 ft. All shades of Red, White, Pink, and Yellow; double and single.

†**ALYSSUM saxatile.** *Golden Tuft.* 4 to 12 in. Showy masses of compact yellow flowers in April and May.

ANCHUSA italica, Dropmore. 4 ft. Intense blue flowers on branched stems. May to July.

AQUILEGIA. *Columbine.* 2 to 2½ ft. Pink, Red, Blue, and Lavender. May to July.

†**ARABIS alpina.** *Rock-Cress.* 5 in. Mat of gray-green foliage with cloud of pure white flowers in April and May.

†**ARMERIA maritima.** *Thrift.* 6 in. Dense heads of pink flowers on tufts of narrow evergreen foliage. May, June. 35c. each, \$2.50 for 10.

†**ASTER alpinus, Goliath.** *Blue Mountain Daisy.* 5 in. Large blue Daisies with golden disk. Flowers in May and June.

A. novæ-angliæ. *New England Aster.* 4 to 5 ft. Great masses of pink flowers from September to October.

A., St. Egwin. Pleasing rosy pink. Dwarf habit.

ASTILBE japonica, Queen Alexandra and Von Sieton. 1 to 2 ft. June. 35c. each, \$3 for 10.

BAPTISIA australis. *Wild Indigo.* Medium growth. Blue flowers in early summer.

†**BELLIS perennis.** *English Daisy.* 6 in. Improved, double flowering; various colors.

†**CAMPANULA carpatica.** *Blue Harebell.* 8 in. Large, light blue flowers growing in compact tufts.

C. persicifolia. *Bellflower.* 2 ft. Mixed. June, July.

CENTAUREA dealbata. *Persian Centaurea.* 1½ ft. Deep pink flowers in July and Aug. Very desirable.

C. montana. *Mountain Bluet.* 1½ ft. Violet-blue, thistle-like flowers from June until Sept.

†**CERASTIUM tomentosum.** *Snow-in-Summer.* 6 in. Silvery foliage and masses of white flowers. May, June.

†**CONVALLARIA majalis.** *Lily-of-the-Valley.* 6 in. Loves moist and shady places. May.

COREOPSIS grandiflora. 2 to 3 ft. Bright yellow flowers from June to frost if flowers are cut as they fade.

CHRYSANthemum, Hardy. Flowers that last until frost.

Any of the following choice named varieties, 35 cts. each, \$3 for 10

Barbara Cumming. Yellow.

Crimson Splendor. Flower large, rich crimson, with yellow center.

Jean Cumming. Pure white; large.

Jean Treadway. Sparkling pink flower with rose center; large.

Mixed Varieties. 25c. each, \$2 for 10.

†**C. maximum.** *Shasta Daisy.* 1 to 2 ft. Large, daisy-like white flowers with yellow centers. June to Sept.

DELPHINIUM Belladonna. *Larkspur.* 2½ to 3 ft. Tall spikes of light blue flowers in June and July.

D. grandiflorum chinense. *Chinese Delphinium.* 2 ft. Gentian-blue flowers. Feathery foliage.

D., Gold Medal Hybrids. *Improved Larkspur.* The flowers are large, in all shades of blue, and are carried on 2-foot spikes. 35c each, \$3 for 10.

DIANTHUS barbatus. *Sweet William.* 1 to 1½ ft. Very showy flower-clusters of Red, Pink, and White. May, June.

†**D. plumarius.** *Garden Pink.* 1 ft. Great masses of pink, white, and magenta blooms all summer. Fine for cut-flowers.

DIELYTRA spectabilis. *Bleeding-heart.* 1 to 2 ft. Its arching stems bear drooping, heart-shaped flowers of white and rose. Valuable for planting in the shade. May to July. 50c. each, \$4.50 for 10.

DIGITALIS, Giant Shirley. *Improved Foxglove.* Spikes 3 to 5 ft. long, of enormous blooms in various colors. June, July.

ERYNGIUM amethystinum. *Sea-Holly.* True blue Thistle with silvery blue stems. July, Aug.

FUNKIA. See *Hosta*.

GAILLARDIA aristata (grandiflora). *Perennial Gaillardia.* 2 ft. Daisy-like blossoms of orange-yellow, banded with red, all summer.

GYPSOPHILA paniculata. *Baby's Breath.* 3 to 4 ft. Very minute, delicate white flowers. June to August.

†**GEUM avens, Mrs. Bradshaw.** 18 in. Large, double orange-scarlet; all summer.

†**G. avens, Lady Stratheden.** 18 in. Large, double, golden yellow flowers all summer.

Rock-Garden Planting

HELENIUM. *Sneezeweed.* 5 ft. Golden yellow blossoms in late summer.

HEMEROCALLIS. *Day Lily.* Rich yellowish orange, lily-like flowers in early summer.

†**HEUCHERA sanguinea.** *Coral Bells.* Dainty, bright crimson flowers on 18-inch stems from June to September. Excellent for rock-garden. 30 cts. each, \$2.50 for 10.

HIBISCUS. *Marsb Mallow.* 5 to 6 ft. A large-leaved plant, producing large, showy flowers throughout the summer. Fine for massing in moist places. Red, Pink, and White.

HOLLYHOCKS. See *Althæa*, page 26.

HOSTA lancifolia undulata (*Fun-kia*). *Wavy-leaf Plantain Lily.* Long, narrow, wavy-edged leaves, with margins; pale lilac flowers.

†**IBERIS gibraltarica.** *Evergreen Candytuft.* White. April, May.

IRIS germanica. *German Iris.* These vary in height from 2 to 3 feet, blooming in June in shades of purple, lavender, blue, yellow, and white.

Any of the following choice named varieties, 35 cts. each, \$3 for 10

Alcazar. Purple and violet-blue.

Cluny. Lilac-blue.

Her Majesty. Rose.

Lent A. Williamson. Blue and royal purple.

Marsh Marigold. Golden yellow.

Miranda. Violet-blue.

Sherwin-Wright. Golden yellow.

Pallida, Princess Beatrice. Blue-lavender.

Prospero. Lavender.

Roseway. Deep pink.

Mixed Varieties. 25c. each, \$2 for 10.

I. kaempferi. *Japanese Iris.* 2 to 3 ft. Large, flat flowers in many colors. Last of June.

†**I. pumila.** *Miniature Iris.* Dwarf yellow Iris that do not exceed 4 inches in height and bloom in April and May. Good for bordering beds or for the rockery.

I. sibirica. *Siberian Iris.* 2 to 3 ft. Grass-like foliage with clusters of blue or yellow flowers. Adapted for mass and waterside planting. May, June.

KNIPHOFIA uvaria (*Tritoma uvaria*). *Torch Lily.* Tall spikes; rich orange blooms in fall.

LIATRIS pycnostachya. *Kansas Gayfeather.* Rich purple flowers on 4-foot spikes in midsummer.

†**LINARIA cymbalaria.** *Kenilworth Ivy.* Long, trailing herb. Small, pretty lilac flowers. June to August.

LUPINUS polyphyllus. *Washington Lupine.* 3 ft. Large spikes of flowers in various colors. Prefer semi-shady location. May, June.

LYCHNIS chalcedonica. *Maltese Cross.* 2 to 3 ft. Flat heads of bright scarlet blooms, borne on stout, leafy stems. July, August.

L. viscaria flore-pleno. *Campion.* Double rose-pink flowers in June and July.

†**NEPETA mussini.** *Catnip.* 12 in. Spreading plant with masses of light blue flowers in May and June.

PACHYSANDRA terminalis. *Japanese Spurge.* An evergreen ground-cover with dark green leaves and white flowers. Valuable for planting in the shade where grass will not grow. Field-grown, medium plants, \$1.50 for 10, \$12 per 100; field-grown, strong plants, \$2 for 10, \$15 per 100.

PÆONIA • Peony

One of the most satisfactory of the perennials. Immense, double flowers in all colors. Choice varieties. June.

Aurora. Attractive salmon-white.

Gloire de Charles Gombault. Outer petals flesh-pink with clear salmon center.

Linne. Very large, bright, deep pink flowers.

Mme. Emile Lemoine. Among the finest of all whites.

Monsieur Krelage. Large, full flower of deep wine-red; very fragrant.

Officinalis rubra. Rich deep crimson. A very fine variety.

Officinalis rosea. Rich pink.

Pomponette. Very fine; lilac-rose. All Peonies, medium-sized plants, 75 cts. each, \$6 for 10; large plants, \$1 each, \$7.50 for 10; mixed colors, 60 cts. each, \$5 for 10.

†**PAPAYER nudicaule.** *Iceland Poppy.* 1 ft. Mixed colors. Blooms all season. Pot-grown plants, \$1 for 3, \$2.50 for 10.

PHLOX

During the dry, hot summer weather, when vegetation looks its worst, these plants can be depended on to brighten the garden with their brilliant colors, ranging from white to rich crimson.

30 cts. each, \$1 for 4, \$2 for 10, except where noted. Larger size clumps, 40 cts. each, \$3.50 for 10.

Commander. Crimson-red, darker eye. 35 cts. each, \$3 for 10.

Deutschland. Brilliant dark orange-red. 35 cts. each, \$3 for 10.

East Hampton. Salmon-pink; large trusses.

Enchantress. Salmon-pink, dark red eye.

Feuerbrand. Large; bright red. 35 cts. each, \$3 for 10.

Mrs. Jenkins. Pure white.

Mrs. Milly van Hoboken. Large; soft pink.

Peach Blow. Delicate pink.

Thor. Rich salmon-pink, crimson eye.

†**PHLOX subulata, Vivid.** Bright fiery rose. Very showy in rockery. 35 cts. each, \$3 for 10.

†**P. subulata rosea, alba, lilacina.** *Moss Pink.* A creeping variety with moss-like, evergreen foliage, covered with pink, white or lilac-colored flowers in spring.

PHYSOSTEGIA virginiana. *False Dragonhead.* 2 to 3 ft. Delicate pink flowers in June and July.

PLATYCODON grandiflorum. *Balloon Flower.* 2 ft. Balloon-shaped, violet-blue blooms. July to Sept.

†**PRIMULA acaulis.** *English Primrose.* 6 to 9 in. Bright lemon-yellow flowers in April and May. 30 cts. each, \$2.50 for 10.

PYRETHRUM hybridum. *Persian or Painted Daisy.* 2 ft. Red, pink, and white, Daisy-like blooms. Single or double. May to July.

†**RANUNCULUS.** *Buttercup.* 1 ft. A pretty, double-flowering bright golden yellow flower in May and June.

RUDBECKIA hirta. *Black-eyed Susan.* 5 to 7 ft. Yellow flowers with dark centers. July to September.

SALVIA farinacea. *Improved Blue Meadow Sage.* 3 ft. Sky-blue flowers on spikes in August and September. 30 cts. each, \$2.50 for 10.

SCABIOSA caucasica. *Blue Bonnet.* 3 ft. Valuable for cutting. Soft lavender-blue. 30 cts. each, \$2.50 for 10.

†**SEDUM acre.** *Golden Moss; Stonecrop.* 2 to 3 in. Yellow flowers in June and July. Cactus-like foliage.

†**S. album.** *White Stonecrop.* 2 to 3 in. Solid masses of white flowers.

†**S. anglicum.** *Stonecrop.* 3 in. Delicate pinkish white flowers from May to July.

†**S. coccineum.** *Pink Stonecrop.* 4 to 5 in. Beautiful rosy pink flowers.

†**S. sarmentosum.** *Stringy Stonecrop.* 6 in. Rapid-growing. May and July.

†**S. spectabile.** *Showy Sedum.* 1 ft. Large, flat heads of pink flowers. August, September.

†**SEMPERVIVUM.** *House-leek.* 4 to 6 in. Evergreen succulents which increase by rosettes. Ideal for rockery.

SHASTA DAISY. See *Chrysanthemums*, page 26.

STATICE latifolia. *Great Sea Lavender.* Immense, candelabra-like heads of minute, purplish blue flowers in July and August.

†**STOKESIA.** *Cornflower Aster.* 1½ to 2 ft. Large lavender-blue flowers from July until October.

THALICTRUM aquilegifolium. *Meadow Rue.* 1 to 3 ft. Masses of pure white flowers. Graceful foliage. May to July. 35 cts. each, \$3 for 10.

†**THYMUS coccineus.** *Creeping Thyme.* 3 to 4 in. Creeping; dark green foliage. Blooms June and July.

†**TUNICA saxifraga.** *Tunic Flower.* 6 in. Minute, dark green foliage; pink flowers. July to September.

VALERIANA officinalis. *Hardy Garden Heliotrope.* 3 ft. Beautiful, fragrant, light pink and white flowers. June, July.

VERONICA longifolia subsessilis. *Speedwell.* Beautiful blue-studded flower-spikes from July to September. 30 cts. each, \$2.50 for 10.

†**VERONICA repens.** *Creeping Speedwell.* 2 to 4 in. Low, trailing plant with blue flowers; carpet effect. May.

†**VINCA minor.** *Myrtle.* A familiar evergreen creeper with small blue flowers. Splendid ground-cover. \$1.50 for 10, \$12 per 100.

†**VIOLA, Jersey Gem.** Rich, slightly fragrant violet flowers all summer. 30 cts. each, \$2.50 for 10.

†**VIOLA odorata** (*Governor Herrick Violet*). Large flowers in rich shade of blue. Does well in shade.

Valeriana. Light pink. June, July.

100 strong, field-grown Perennial Plants in 20 varieties, our choice, for \$15, delivered

Chrysanthemum, Jean Treadway. See page 26

Hardy Chrysanthemums are constantly being improved and we are listing the best of the new varieties. They fill the garden with bright color in October and November and make invaluable cut-flowers. Brighten up your fall garden with these new, rich colors.

Chrysanthemum, Crimson Splendor. See page 26

Vines and Climbers

All Strong, Field-grown Plants

FOR quick results in covering the bare sides and softening the sharp angles of buildings, hiding unsightly fences, beautifying and shading porches, bowers, and summer-houses, vines and climbers are indispensable. The sweeping vines about a porch appeal to everyone.

AMPELOPSIS

Ampelopsis quinquefolia. *Virginia Creeper.* Quick-growing. Valuable for rich fiery autumn color.

A. tricuspidata veitchii. *Boston Ivy.* Has brilliant autumn coloring. Self clinging.

Price of above two varieties:	Each	10
Medium plants.....	\$0 45	\$4 00
Strong plants.....	60	5 00

CELASTRUS

Celastrus scandens. *American Bittersweet.* Beautiful vine with orange and red berries that retain color when cut and dried.

	Each	10
Medium plants.....	\$0 50	\$4 50
Strong plants.....	75	6 00

Beautiful vine with violet flowers in June followed by red berries.

	Each	
Medium plants.....	\$0 50	
Strong plants.....	75	

WISTERIA

Wisteria sinensis. *Chinese Wisteria.*

Tall-growing; clusters of pea-shaped purple flowers in May. Our plants are not seedlings, but are all grafted plants, which assure blooming at an early age.

	Each	10
Medium plants.....	\$0 75	\$6 50
Strong plants.....	1 00	9 00
Extra-strong plants...	2 00	15 00

FRUITS

In the extremities of the lawn or upon the adjoining lot, plant fruit trees. They will bountifully reward you in the fruit they yield, which you will enjoy eating right from the trees or in winter as preserves and jam. The fruit-garden can easily be made a part of the scheme for beautifying your property. Flowers along the walk to the orchard will brighten the way and provide blooms for cutting.

APPLES

EARLY VARIETIES

Red Astrachan. Red. July, August.
Yellow Transparent. Yellow. July, August.

AUTUMN VARIETIES

McIntosh. Red. November to February.

WINTER VARIETIES

Baldwin. Red. January to April.
Delicious. Yellow and red. November to January.

GOOSEBERRIES

These two varieties are recognized as the standards.

Downing. Green. **Houghton.** Red. Both, 35c. each, \$3 for 10; extra large, 60c. each, \$5 for 10.

RASPBERRIES

Everbearing. Require very little attention and supply plenty of delicious berries. 15c. each, \$1.25 for 10; extra strong, 25c. each, \$2 for 10.

BLACKBERRIES

Eldorado. One of the best early to mid-season sorts. 15c. each, \$1.25 for 10; extra strong, 25c. each, \$2 for 10.

RHUBARB

Linnaeus. 30c. each, \$2.50 for 10.

Spraying of Fruit Trees. For best results we recommend three sprayings: First, during the winter; second, after the blossoms fall; and, third, about two weeks later. This will control the most prevalent insects and fungous diseases attacking fruit trees on Long Island. We have men experienced in this kind of work who are available at a moderate cost.

LAWN SEED AND FERTILIZERS

BULK'S CHOICE LAWN SEED. A choice mixture containing Creeping Bent and other high-quality grasses. This mixture has been prepared especially for Long Island soil and weather conditions. 5 lbs. \$3.25, 10 lbs. \$6, 100 lbs. \$50.

SUNNYSIDE LAWN SEED. A specially prepared mixture containing durable grasses in good proportion. 5 lbs. \$2, 10 lbs. \$3.50, 100 lbs. \$30.

***BONEMEAL, Armour's.** 100 lbs. \$3.25.

***SHEEP MANURE, Armour's.** 100 lbs. \$3.25.

***PLANTSPUR SHEEP MANURE.** 10 lbs. 75 cts., 25 lbs. \$1.50.

***IRREGULAR FLAGSTONE for WALKS.** In colors. 30 cts. per square foot, \$25 per 100 sq. ft.

***IMPROVED GRANULATED PEAT MOSS.** For mulching and as general soil-improver. (20 bushels for bale.) \$3.25 per bale, \$30 for 10 bales.

***TUFA ROCK for ROCK-GARDENS.** 100 lbs. \$3, 1000 lbs. \$20, 2000 lbs. \$30.
